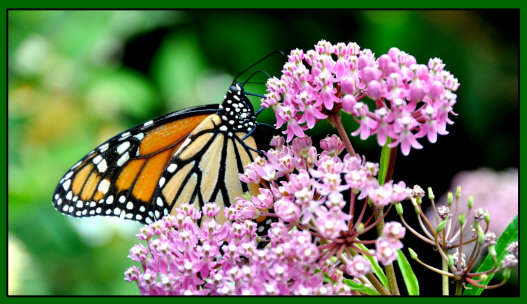
11:00-11:30 a.m. – *GRO*1000 award media event
11:30 a.m.-2:00 p.m. – Community planting

For more information about participating, contact Elizabeth Ward, warde@stlouis-mo.gov, (314) 622-4304.

ABOUT MILKWEEDS FOR MONARCHS



Launched on Earth Day 2014 by Mayor Slay, ***Milkweeds for Monarchs: The St. Louis Butterfly Project*** is a collaborative effort that is helping advance a priority in the Mayor's Sustainability Action Agenda by connecting people to urban nature, while increasing the monarch butterfly habitat. Mayor Slay directed the City to plant 50 monarch gardens and challenged the community to plant an additional 200 butterfly gardens to commemorate the City's 250th birthday.
