SPECIFICATIONS FOR TYPE I PLYWOOD BARRICADES

Bidders must submit with their bid the latest printed specifications on the units they propose to furnish. The intent of these specifications are to describe the Type I Plywood Barricades used for pedestrian warning and traffic control. Barricades must meet requirements set forth in manual for uniform traffic control devices.

During the period of the purchase contract, the City will buy only the actual quantity required, and it will neither be obligated to the purchase of nor limited to the quantities listed. The City reserves the right to reject any or all bids, and to accept one or more bids deemed most advantageous to the City.

BIDDERS ARE TO COMPLETE AND RETURN WITH THEIR BID

Bidders must list any deviations from the following specifications:
