A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The Central Industrial Corridor East Area ("Area") encompasses approximately 17 acres in the Downtown West Neighborhood of the City of St. Louis ("City") and is bounded by Chouteau Ave. on the south, S. 14th St. on the west, a rail yard on the north and S. Tucker Blvd. to the east.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises all of City Blocks 440, 441, 442, 443 and a portion of City Block 212 and includes the following addresses: 1201-1331 Chouteau Ave., 1200-1332 and 1201-1331 Gratiot St., 701-931 S. 12th St., 700-932 S. 14th St., 800-930 and 801-931 S. 13th St. The Area is in fair to poor condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, "Fair Condition" means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. "Poor Condition" means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 9.4% unemployment rate for the City as of October, 2003. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently approximately 300 jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include commercial and light industrial uses and related parking lots.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for industrial, commercial and residential uses.

Residential density for the surrounding neighborhoods is approximately 2.99 persons per acre.

5. CURRENT ZONING

The Area is zoned "K" Unrestricted and "J" Industrial Districts pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is partially occupied and in fair to poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 100.310(2) et seq. of the Revised Statutes of Missouri 2000, as amended (the Planned Industrial Expansion Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive commercial and light industrial and residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are commercial, light industrial and residential uses permitted in Areas designated "J" Industrial and "H" Area Commercial Districts by the City of St. Louis Zoning Code. Redevelopers authorized by the Planned Industrial Expansion Authority of the City of St. Louis ("PIEA") to develop property in the Area (hereafter referred to as "Redeveloper") shall not be permitted to use said property

for the following:

pawn shops, adult bookstores, X-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), storefront churches, pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions or pharmacies) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

3. PROPOSED ZONING

The zoning for the Area should be "J" Industrial and "H" Area Commercial Districts. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Comprehensive City Plan" (1947), the "St. Louis Development Program" (1973), and the "Economic Development Strategy" (1978). Any specific proposal to the PIEA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately 100 to 200 new permanent jobs will be created if the Area is developed in accordance with this Plan. The exact number of jobs created will depend upon the specific nature of the proposed development.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Developer shall develop the Area in accordance with this Plan and the Development Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Developer in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

8. URBAN DESIGN**a. Urban Design Objectives**

Renovate existing structures capable of rehabilitation, demolish structures inconsistent with the objective of the development of the Area and construct new commercial, light industrial and residential uses.

b. Urban Design Regulations

Rehabilitate existing structures and construct new ones that respect the surrounding area.

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, as determined by the Parks Department of the City depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. Existing, healthy trees and shrubs shall be retained, if feasible.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity. Three percent (3%) of the interior of all parking lots containing more than twenty-five (25) spaces shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. The trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, planted with low lying ground cover or other plant material.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the PIEA and the Developer. A uniform signage plan must be prepared by the Redeveloper for the entire project. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

New wall signs shall not obstruct any architectural building elements, and shall project no more than eighteen (18) inches from the face of the building: Upper Level signage shall be located just below or above the top floor windows facing in any direction regardless of street orientation, shall not exceed 2% of the area of the façade on which it appears nor have letters more than one foot in height for each ten foot (10') of building height provided that the maximum shall be ten foot (10') high letters (i.e. maximum sign letter height on a fifty foot (50') high building shall be five feet (5')). Pedestrian level signage shall be below the second floor window sill of a structure and/or above the store front windows or on the sides of building perpendicular to the street. The total pedestrian level signage per business per façade shall be the lessor of fifty (50) sq. ft. on ten percent (10%) of the ground floor façade area.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed and are placed neatly within the window or door opening. Signage on awnings may be located on the sloping portion of the canvas awning, on the front of a canopy or on the awning valance. In no case shall signage be allowed on both an awning and a building for the same business. Logos and graphic elements may be up to ten (10) sq. ft. in size (depending on the size of the awning), while names or brand copy shall be in proportion to the size of the awning, but in no case shall lettering be more than twelve inches (12") high.

One ground or monument sign per use may be permitted provided it does not exceed ten (10) feet in height nor

exceed fifty (50) square feet per side, and provided the LCRA confirms that such a sign is required based upon the use, location or siting of the structure.

Businesses having more than 40,000 square feet of ground floor area may have signs proportionately larger than the maximum size set out in this section, provided that the PIEA confirms that there is need based upon the use, location, or siting of the building.

Painted wall signs, roof signs, pole signs, moving signs, animated or flashing signs, or permanent or portable message board signs shall not be permitted in the Area, and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the Area, except that construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the PIEA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the PIEA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately four (4) years of approval of this Plan by ordinance.

The PIEA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The PIEA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Planned Industrial Expansion Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The PIEA may acquire any property in the Area by the exercise of eminent domain or otherwise.

3. PROPERTY DISPOSITION

If the PIEA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the PIEA. Any property acquired by the PIEA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 100.410, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently partially occupied. All eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Developer which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to twenty (20) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the PIEA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be tax-exempt because it is owned by the PIEA and leased to any such corporation, then such corporation for the first ten (10) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

Thereafter any such corporation shall pay the full amount of taxes.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said twenty (20) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the PIEA.
