A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The McRee Town West Area ("Area") encompasses approximately 50 acres in the Botanical Heights neighborhood of the City of St. Louis ("City") and is generally located between Folsom Avenue on the north, Lawrence Street and Thurman Avenue on the east, Lafayette Avenue on the south, and Vandeventer Avenue on the west.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises the northern half of City Block 4964 and all of City Blocks 4969, 4970, 4971, 4972, 4974, 5197, 5442, and 5445. The following addresses are included in the Area: 4000-4244 Folsom Ave., 4101-4269 and 4100-4256 Blaine Ave., 4101-4343 and 4100-4356 McRee Ave., 4101-4333 Lafayette Ave., 1532, 1533-1633 Thurman Ave., 1532, & 1613-33 Klemm Ave., 1532-1654, 1501-1643 Tower Grove Ave., 1508-1612 S. Vandeventer. The Area is in poor to fair condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, "Fair Condition" means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. "Poor Condition" means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 7.4% unemployment rate for the City as of June, 2007. It is estimated that this rate is prevalent for residents of the neighborhoods

surrounding the Area.

There are currently approximately 85 jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include single family and multi-family residential, industrial, commercial, institutional, utility, and vacant land.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential development to the east and south and industrial development to the west and north.

Residential density for the surrounding neighborhoods is approximately 20 persons per acre.

5. CURRENT ZONING

The Area is zoned "C" Multiple-Family Dwelling, "D" Multiple-Family, "F" Neighborhood Commercial, "G" Local Commercial and Office, and "J" Industrial Districts pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. BLIGHTING STUDY

A detailed Blighting Study is attached as Exhibit F and incorporated herein by this reference.

7. FINDING OF BLIGHT

The property within the Area is partially occupied and in fair to poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.320 (3) of the Revised Statutes of Missouri, 2000, as amended, (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential commercial and industrial uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential, commercial, and industrial uses permitted in Areas designated "A" Single Family, "D" Multiple Family, "F" Neighborhood Commercial, "G" Local Commercial and Office, and "J" Industrial Districts by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall not be permitted to use said property for the following:

pawn shops, adult bookstores, X-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions or pharmacies) that utilizes a sales or service window or facility for

customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

3. PROPOSED ZONING

The zoning for the commercial and industrial development along Tower Grove Avenue in the Area can remain "F" Neighborhood Commercial, "G" Local Commercial and Office, and "J" Industrial Districts. All land coverage and building intensities shall be governed thereby.

It is proposed that all other zoning districts to the west of Tower Grove Avenue be changed to "J" Industrial. All land coverage and building intensities shall be governed thereby.

It is proposed that the basic underlying zoning for all residential zoning to the east of Tower Grove Avenue be changed to a modified "A" Single Family District that would also accommodate attached single family housing. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately 400 to 600 new permanent jobs will be created if the Area is developed in accordance with this Plan. The exact number of jobs created will depend upon the specific nature of the proposed development.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

8. URBAN DESIGN**a. Urban Design Objectives**

A combination of rehabilitation of existing residential development, where appropriate, and new infill residential development to compliment the new residential development to the east of the Area.

Existing commercial and new commercial development along and to the west of Tower Grove Avenue shall provide an attractive asset and convenient services for neighboring residential development.

b. Urban Design Regulations

With respect to rehabilitation, efforts shall be made to retain consistency with original exterior design and materials. Window and door shapes and detailing shall, as practicable, be compatible with the original design.

New residential construction shall be compatible in design with neighboring residential development in terms of scale, materials, set backs, profiles and site layout.

c. Landscaping

Appropriate attractive landscaping is important to the revitalization of the Area. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, as determined by the Parks Department of the City depending upon tree type, utilities, curb cuts, etc., shall, where practicable, be provided along all public or private streets - preferably in tree lawns along the curb. Existing, healthy trees and shrubs shall be retained, if feasible.

d. Fencing

New fencing, behind the building line and not facing a street only, may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. The above fencing may also be used along a street in a "J" Industrial provided it is not across from residential property. In no case shall the fencing have razor or brushed wire on top if it is visible from any street. In residential or commercial zoning districts new fencing in front yards or along streets shall be limited to ornamental metal with black matte finish.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity. Three percent (3%) of the interior of all parking lots containing more than twenty-five (25) spaces shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. The trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, planted with low lying ground cover or other plant material.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. A uniform signage plan must be prepared by the Redeveloper for the entire project. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

New wall signs shall not obstruct any architectural building elements, and shall project no more than eighteen (18) inches from the face of the building: **Upper Level** signage shall be located just below or above the top floor

windows facing in any direction regardless of street orientation, shall not exceed 2% of the area of the façade on which it appears nor have letters more than one foot in height for each ten foot (10') of building height provided that the maximum shall be ten foot (10') high letters (i.e. maximum sign letter height on a fifty foot (50') high building shall be five feet (5')). **Pedestrian level** signage shall be below the second floor window sill of a structure and/or above the store front windows or on the sides of building perpendicular to the street. The total pedestrian level signage per business per façade shall be the lessor of fifty (50) sq. ft. on ten percent (10%) of the ground floor façade area.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed and are placed neatly within the window or door opening. Signage on awnings may be located on the sloping portion of the canvas awning, on the front of a canopy or on the awning valance. In no case shall signage be allowed on both an awning and a building for the same business. Logos and graphic elements may be up to ten (10) sq. ft. in size (depending on the size of the awning), while names or brand copy shall be in proportion to the size of the awning, but in no case shall lettering be more than twelve inches (12") high.

One ground or monument sign per use may be permitted provided it does not exceed ten (10) feet in height nor exceed fifty (50) square feet per side, and provided the LCRA confirms that such a sign is required based upon the use, location or siting of the structure.

Businesses having more than 40,000 square feet of ground floor area may have signs proportionately larger than the maximum size set out in this section, provided that the LCRA confirms that there is need based upon the use, location, or siting of the building.

Painted wall signs, roof signs, pole signs, monument signs, moving signs, animated or flashing signs, or permanent or portable message board signs shall not be permitted in the Area, and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the area, except that construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

Development pursuant to this Plan shall not be phased and shall be initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately ten (10) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA **may** acquire any property in the Area by the exercise of eminent domain **or otherwise**, except that LCRA may not acquire any owner occupied single family, two family or four family residential structures within the Project Plan Area to the east of Tower Grove Avenue and west of Thurman Avenue by use of eminent domain so long as such structures are maintained by the owner-occupant in a safe and sound condition in compliance with all city codes, ordinances, and regulations.

3. PROPERTY DISPOSITION
