WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those

relating to prohibitions against discrimination because of race, color, creed, national origin, sex, age, marital status or physical handicap; and

"A" LEGAL DESCRIPTION

"B" PROJECT AREA PLAN

"C" PROPOSED LAND USE

"D" ACQUISITION MAP

"E" EQUAL OPPORTUNITY AND NON- DISCRIMINATION GUIDELINES

**A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT**

**1. DELINEATION OF BOUNDARIES**

The 7401 Alabama Ave. Area ("Area") is located southeast of I-55, and encompasses approximately 3.91 acres in the Carondelet neighborhood of the City of St. Louis ("City").

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

## 2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 3066, and includes the following addresses: 7401-7411 Alabama Ave. and the 7300 & 7400 blocks of Idaho Ave. The Area is in fair condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, "Fair Condition" means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. "Poor Condition" means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate an 9.1% unemployment rate for the City of St. Louis as of July, 1992. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area, although there are no residents within the Area.

There are currently approximately 105 jobs within the Area.

## 3. PRESENT LAND USE AND DENSITY OF THE AREA

Existing land uses within the Area include manufacturing of loose leaf binders and plastic indexes, parking and undeveloped land.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

## 4. PRESENT LAND USE OF SURROUNDING PROPERTIES

The properties to the north of the Area are primarily industrial uses and right-of-way for Interstate 55; to the south, east and west are residential uses.

Residential density for the surrounding neighborhoods is approximately 9.6 persons per acre.

## 5. CURRENT ZONING

The Area is zoned "B" Two-Family Dwelling District pursuant to the Zoning Code of the City of St. Louis, which is incorporated in this Plan by reference.

## 6. FINDING OF BLIGHT

The property within the Area is partially undeveloped and in fair condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law).

## B. PROPOSED DEVELOPMENT AND REGULATIONS

### 1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive light industrial uses.

### 2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are light industrial uses permitted in Areas designated "J" Industrial District by the City of St. Louis Zoning Code. Redevelopers contracting with the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall not be permitted to use said property for the following:

pawn shops, adult bookstores, x-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), storefront churches, pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

### 3. PROPOSED ZONING

In order to implement this Plan, the zoning for the Area must be changed to "J" Industrial District, or the proposed uses must be granted a zoning variance. All land coverage and building intensities shall be governed thereby.

#### 4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Comprehensive City Plan" (1947), the "St. Louis Development Program" (1973), and the "Economic Development Strategy" (1978). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

#### 5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately 3 to 5 new permanent jobs will be created if the Area is developed in accordance with this Plan. The exact number of jobs created will depend upon the specific nature of the proposed development.

#### 6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

#### 7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Heritage and Urban Design Commission ("HUDC") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

#### 8. URBAN DESIGN

##### a. Urban Design Objectives

The intent is to accommodate expansion of an existing industrial use, resulting in a generally compatible complex of structures, parking and service areas within an attractively landscaped, physical setting.

b. Urban Design Regulations

The structures within the existing building complex do not appear to require any significant exterior changes at this time. Any future changes shall be compatible with the architectural design expression and details of the structures.

New structures shall be generally compatible with the existing structures. New structures immediately adjacent to an open public street shall have a masonry surface on the side facing the street.

c. Landscaping

Perimeter street trees of a minimum caliper of 2-1/2 inches and generally spaced 30 to 35 feet on center, depending upon tree type, utility poles, etc., shall be provided in the tree lawns along Koeln Avenue and in a re-established tree lawn along Alabama Avenue.

Additional landscaping shall be provided on the property consisting of:

- (1) Large evergreen accent shrubs along the building frontage on Alabama Avenue.
- (2) A parking lot buffer as noted under "Parking Regulations".

d. Fencing

Any new fencing may be chain link with a black matte finish, wood privacy, or similar fencing, which is compatible with the surrounding, primarily residential setting on the east and south sides. Existing fencing, which is rusting, shall be painted a black matte color. Use of barbed wire is discouraged; no razor or ribbon wire shall be used.

Each Redeveloper shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

## 9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including HUDC standards. This will provide adequate vehicular parking for the Area.

Surface parking shall be paved and not extend beyond the established building line. Surface parking along public streets shall be buffered.

Possible options may include a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity. Three percent (3%) of the interior of all parking lots containing more than twenty-five (25) spaces shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. The trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, planted with low-lying ground cover or other plant material.

## 10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, HUDC stipulations, this Plan and contracts between the LCRA and the Redeveloper. A uniform signage plan must be prepared by the Redeveloper for the entire building. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

New wall signs shall not obstruct any architectural building elements, shall be placed only on the fronts of buildings or on those sides of the buildings fronting on public or private streets or parking areas, shall project no more than eighteen (18) inches from the face of the building, shall not extend above the second floor window sill of the structure, and the total sign area shall be the lesser of either fifty (50) square feet or ten percent (10%) of the ground floor wall surface fronting on such streets or parking areas. Only one sign per business per wall facing on a public or private street or parking area shall be permitted.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed. Signage on awnings is limited to awning apron. In no case shall signage be allowed on both an awning apron and a building for the same business.

One ground or monument sign per use may be permitted provided it does not exceed eight (8) feet in height nor exceed twenty-five (25) square feet per side, and provided the LCRA confirms that such a sign is required based upon the use, location or siting of the structure.

Businesses having more than 40,000 square feet of ground floor area may have signs proportionately larger than the maximum size set out in this section, provided that the LCRA confirms that there is need based upon the use, location, or siting of the building.

Painted wall signs, pole signs, moving signs, animated or flashing signs or permanent or portable message board signs shall not be permitted in the Area and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the area, except that construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof. Any existing billboard(s) on property controlled by the Redeveloper shall be removed at the expiration of the current lease agreement.

#### 11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City of St. Louis without the prior written approval of the LCRA.

#### 12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

#### C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately six (6) months of approval of this Plan by ordinance and completed within approximately one (1) year of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

In any contract for work in connection with the redevelopment of any property in the Area, the Redeveloper (which term shall include Redeveloper, any designees, successors and assigns thereof, and any entity formed to implement the project of which the Redeveloper is a general partner), its contractors and subcontractors will include a clause requiring compliance with all federal, state and local laws, ordinances, or regulations governing equal opportunity and nondiscrimination, the Executive Orders of the Mayor of the City dated December 6, 1984, January 10, 1990, March 31, 1992, and all guidelines herein.

The Redeveloper and its contractor will not contract or subcontract with any party known to have been found in violation of any such laws, ordinances, regulations or these guidelines.

In the redevelopment of the Area, there shall be maximum utilization of bona fide minority business enterprises ("MBE's") and women business enterprises ("WBE's" and, together with MBE's, "disadvantaged business enterprises" or "DBE's"). The Redeveloper will set a minimum goal of twenty-five percent (25%) MBE participation and five percent (5%) WBE participation under these guidelines. In the event the Redeveloper fails to attain that goal, the Redeveloper may be required to show good cause therefor; provided however, that this requirement will be deemed to have been met when documentation evidences that all available resources (i.e. DBE suppliers, contractors, and subcontractors) willing to perform the work or provide the supplies--at a price which (i) is within the range requested by non-DBE's; or (ii) if higher than that requested by non-DBE's, is attributable to the effects of past discrimination--have been exhausted.

For purposes of this section, the term "minority business enterprise" (or "MBE") means a business at least fifty-one percent (51%) of which is owned and controlled by minority group members. The term "women business enterprise" (or"WBE") means a business at least fifty-one percent (51%) of which is owned and controlled by females.

The Redeveloper agrees for itself and its successors and assigns, that there shall be covenants to ensure that there shall be no discrimination on the part of the Redeveloper, its successors or assigns upon the basis of race, color, religion, national origin, sex, marital status, age or physical handicap in the sale, lease, rental, use or occupancy of any property, or any Improvements erected or to be erected in the Area or any part thereof, and those covenants shall run with the land and shall be enforceable by the LCRA, the City, and the United States of America, as their interests may appear in the project.

The Redeveloper agrees that if the redevelopment of the Area creates permanent jobs, it shall enter into an Employment Plan with the Saint Louis Agency on Training and Employment and the LCRA for referral of Jobs Training Partnership Act eligible individuals. Said plan shall specify the number of jobs to be covered by the Employment Plan, the target date for referrals to begin, and the procedure for referral.
