

## **Summary**

**Board Bill Number 158**

**Primary Sponsor: Alderwoman Carol Howard**

**November 13, 2020**

Board Bill would establish the Bevo Mill Area Special Use District for an approximately 92.73 acre site in the Bevo Mill and Dutchtown Neighborhoods. The Special Use District Overlay zoning district, as permitted in the enabling **Ordinance 66941**, would prohibit certain uses and make others conditional uses that would otherwise be allowed in the underlying “F” Neighborhood Commercial, “G” Local Commercial & Office, “J” Industrial, and “K” Unrestricted Zoning Districts. It also provides additional regulations around lighting and signage, and height within a subarea of the district.

**BOARD BILL NUMBER 158 INTRODUCED BY: ALDERWOMAN CAROL HOWARD/  
ALDERWOMAN BETH MURPHY/ ALDERMAN SHANE COHN**

1 An ordinance pertaining to Special Use Districts; establishing The Bevo Mill Area Special Use  
2 District (hereinafter the “Bevo SUD”); providing definitions and findings pertaining to said Bevo  
3 SUD; further providing use and conditional use regulations for said Bevo SUD; and containing  
4 an emergency clause and severability clause.

5 **WHEREAS**, the Revised Code of the City of St. Louis (“Code”) Chapter 26.73 (Ordinance  
6 66941) provides for the establishment of Special Use Districts (hereinafter “SUD”); and

7 **WHEREAS**, one of the purposes for creation of an SUD as an overlay zoning district for  
8 a specific Zoning Districts area is to assist in the implementation of the Strategic Land Use Plan,  
9 Commercial District Redevelopment Plan(s) and/or an adopted Neighborhood Plan for a specific  
10 geographic area of at least two (2) contiguous acres per a metes and bounds legal description;  
11 and

12 **WHEREAS**, the purpose for creation of an SUD as an overlay zoning district for a  
13 specific Zoning Districts area should also respond to well-defined health, safety, moral and/or  
14 general welfare problems, and shall state the problems addressed by any use being prohibited or  
15 limited within the SUD area; and

16 **WHEREAS**, this specific SUD is being adopted as an overlay district to reflect the  
17 character within the commercial zoning of the Bevo SUD (“F” Neighborhood Commercial  
18 District, “G” Local Commercial and Office District), and to encourage the redevelopment of  
19 industrial zoning districts in the Area (“J” Industrial District and “K” Unrestricted District) in a  
20 way that could support the commercial uses which contains existing and potential land uses with  
21 health, safety and/or general welfare problems.

1           **WHEREAS**, a specific SUD may deal with a range of criteria including specific criteria  
2 that addresses unique aspects of the identified problem land uses and the identified geographic  
3 area, maximum height of buildings, outdoor lighting, and signage.

4           **WHEREAS**, this specific SUD is intended to assist in the implementation of a planning  
5 process, the Bevo Great Streets Plan, which brought consensus from area neighborhood residents  
6 and business owners as to the type and character of development and uses they would like to see  
7 in this geography moving forward.

8           **NOW THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:**

9           **SECTION ONE. Findings.** The Board of Aldermen hereby finds as follows:

10          **A)** The Special Use District (hereinafter “SUD”) established in this Ordinance will assist in the  
11 implementation of the Strategic Land Use Plan, Commercial District Redevelopment Plan(s)  
12 and/or an adopted Neighborhood Plan for a specific geographic area of at least two (2)  
13 contiguous acres per metes and bounds legal description as provided in Section Four, and  
14 depicted in **EXHIBIT A**, of this Ordinance (the “Boundaries”).

15          **B)** The SUD established in this Ordinance as an overlay zoning district for the specific Zoning  
16 District currently included within Boundaries of the SUD responds to well-defined health,  
17 safety, moral and/or general welfare problems, which problems include, but are not limited  
18 to, the following:

- 19            **i.** Difficulty in attracting new businesses and desired recreational uses to the Bevo  
20 SUD due to uncertainty about the establishment of conforming, but potentially  
21 undesirable and incompatible uses within; and

- 1           **ii.**    The Bevo SUD is within close proximity to schools and primarily single-family  
2                    residential neighborhoods where certain uses would be outside of the family-  
3                    oriented uses the area wishes to foster; and
- 4           **iii.**    Some uses tend to be predatory and could have a negative impact on the families  
5                    in the area who could fall victim to this type of establishment, which could be a  
6                    general welfare problem for an established family-oriented neighborhood; and
- 7           **iv.**    Where some uses which are currently already prohibited in a majority of the Bevo  
8                    SUD, there are areas which are currently industrially zoned and which are  
9                    envisioned as opportunities for new development that would be more well-suited  
10                  adjacent to residential and commercial mixed-use areas given the proximity to  
11                  neighborhood residences, and where certain type of industrial and auto uses  
12                  would not fit the desires of fostering a pedestrian-friendly atmosphere; and
- 13          **v.**     Certain uses may provide a necessary and desirable service to neighborhood  
14                  residents, the uses have the potential to be a detriment to public health, safety,  
15                  morals, or general welfare and allowing these uses as conditional would allow the  
16                  residents an opportunity to determine a limit in the number of these uses, as well  
17                  as the scale, hours of operation, or other aspects, on a case-by-case scenario; and
- 18          **vi.**    Certain uses often feature deactivated storefront windows with steel bars and  
19                  coverings to prevent the theft of valuable merchandise and are not conducive to  
20                  fostering the pedestrian-friendly, work/play destination the Bevo SUD wishes to  
21                  create, and provide an opportunity for the sale of stolen goods, which would  
22                  jeopardize the family-oriented environment the Bevo SUD wishes to build upon;  
23                  and

- 1           **vii.**    Certain uses cater to customers on a regional or auto-oriented level, as opposed to  
2                   a local pedestrian level, and additionally have excessive curb cut access which  
3                   goes against the desires of the neighborhood to foster a safe and walkable area;  
4                   and
- 5           **viii.**    Uses that cover windows entirely with signage or other opaque materials are  
6                   deactivating their storefront and can be detrimental to the inviting and welcoming  
7                   pedestrian atmosphere the neighborhood wishes to foster and can ultimately be a  
8                   factor to increasing levels of crime due to a sense on the street that no persons are  
9                   around.

10   The SUD established in this Ordinance, as an overlay zoning district within the Boundaries of  
11   the Bevo SUD, will assist in the implementation of compatible and appropriate types of  
12   development and preservation per the Gravois/Morganford Redevelopment Plan (Ordinance  
13   65177 amended by Ordinance 71040), the Strategic Land Use Plan of the St. Louis  
14   Comprehensive Plan, and the Bevo Great Streets Plan commissioned by the East-West Gateway  
15   Council of Governments and completed in 2019. It is in the best interest of the residents of the  
16   City to establish this SUD Ordinance.

17   **SECTION TWO. SUD Established and Named.** There is hereby established The Bevo Mill  
18   Special Use District (hereinafter the “District”).
