

**RESOLUTION NUMBER 144**  
**HEALTH COMMISSIONER’S ORDER NUMBER 6 FOR COVID-19**

**WHEREAS**, SARS CoV-2, the virus that causes COVID-19, spreads between people who are in contact with one another or present in shared spaces and a gathering of individuals without necessary mitigation for the spread of infection will pose a risk of the spread of infectious disease; and

**WHEREAS**, there is evidence of ongoing transmission of SARS CoV-2 in all City of St. Louis zip codes and across the St. Louis Metropolitan Area; There is ongoing transmission among all age groups, hospitalizations and deaths related to COVID-19 continue to occur, the World Health Organization’s Technical Advisory Group on Virus Evolution has classified a new SARS CoV-2 variant (the Omicron Variant) as a Variant of Concern, and more than 30% of eligible City of St. Louis residents have not received a single dose of a COVID-19 vaccine and are at risk of severe complications (including hospitalizations and death) if infected with the virus; and

**WHEREAS**, on July 27, 2021, the CDC issued new guidance, recommending all vaccinated individuals (in addition to their previous recommendation for unvaccinated individuals) in “substantial” or “high” transmission areas, with either more than 50 cases per 100,000 people in the area over a seven-day period, or with a COVID-19 test positivity rate higher than 5%, wear masks indoors; and

**WHEREAS**, the City of St. Louis is currently classified as a high transmission area by the CDC; and

**WHEREAS**, Pursuant to Missouri Governor Mike Parson signing HB271 into law in early June 2021, political subdivisions may only issue public health orders for 30 calendar days in a 180-day period when the Governor has declared a state of emergency; Orders may be extended more than once with a simple majority vote by the local governing body.

**NOW, THEREFORE, BE IT RESOLVED**, that the Board of Aldermen of the City of St. Louis authorizes Health Commissioner’s Order No. 6 renewing the mask mandate in place in the City of St. Louis.

**Introduced this 10<sup>th</sup> day of December, 2021 by:**  
**The Honorable Lewis E. Reed, President St. Louis Board of Aldermen**  
**The Honorable Christine Ingrassia, Alderwoman 6<sup>th</sup> Ward**

**Adopted the XXXX day of December 2021, as attested by:**

**MAYOR**

### **HEALTH COMMISSIONER'S ORDER NO. 6**

This Order No. 6 shall become effective on December 23, 2021 at 12:00 am and will continue to be in effect for 30 calendar days, subject to extension.

My intent is to ensure that the maximum number of individuals take prudent precautions to reduce the exposure to, and slow the spread of, SARS CoV-2, the virus that causes COVID-19. All provisions of this Order shall be interpreted to effectuate this intent.

Whereas, there is evidence of ongoing transmission of SARS CoV-2 in all City of St. Louis zip codes and across the St. Louis Metropolitan Area. There is ongoing transmission among all age groups, hospitalizations and deaths related to COVID-19 continue to occur, the World Health Organization's Technical Advisory Group on Virus Evolution has classified a new SARS CoV-2 variant (the Omicron Variant) as a Variant of Concern, and more than 30% of eligible City of St. Louis residents have not received a single dose of a COVID-19 vaccine and are at risk of severe complications (including hospitalizations and death) if infected with the virus; and

Whereas, on July 27, 2021, the Centers for Disease Control and Prevention (CDC) issued new guidance, recommending all vaccinated individuals (in addition to their previous recommendation for unvaccinated individuals) in "substantial" or "high" transmission areas, with either more than 50 cases per 100,000 people in the area over a seven-day period, or with a COVID-19 test positivity rate higher than 5%, wear masks indoors. According to the CDC, Missouri remains a "high transmission" jurisdiction and St. Louis is a "substantial transmission" jurisdiction as of December 8, 2021.

By the authority vested in me by Article XIII, Section 14-C(c) of the Charter of the City of St. Louis, I hereby order as follows:

1. Individuals, both vaccinated and unvaccinated, age 5 and older shall be required to properly wear a face covering that covers the wearer's nose and mouth while in indoor and enclosed public buildings and spaces, and public transportation vessels in the City of St. Louis. While on duty, all City of St. Louis employees shall wear a face covering when riding in City vehicles with one or more other individuals.
2. Exceptions to the required face covering are recognized for:
  - a. Individuals who have an official order or documentation from a medical or behavioral health provider to not wear face coverings;
  - b. Individuals who are seated in a restaurant or bar and are actively engaged in consuming food or drink;
  - c. Individuals who have trouble breathing, or are unconscious, incapacitated, or otherwise unable to remove the face covering without assistance;

- d. Individuals who are obtaining a service involving the nose or face for which temporary removal of the face covering is necessary to perform the service;
- e. Individuals whose religious beliefs or practices prohibit the wearing of a face covering;
- f. Individuals who have disabilities that:
  - i. Prevent them from wearing or taking off face coverings;
  - ii. Prevent them from communicating while wearing face coverings.

12/10/21  
Date

---

Fredrick L. Echols, M.D.  
Commissioner of Health, City of St. Louis
