Geographic Target Areas

The 2015 – 2019 Consolidated Plan details geographic target areas where investment and revitalization efforts are prioritized. The City of St. Louis has been divided into three (3) market-derived Geographic Target Areas. These Target Areas are based on the City's Residential Market Value Analysis (MVA). The MVA is a tool created by The Reinvestment Fund and provided to the City of St. Louis by HUD in 2014.

The Geographic Target Areas are:

- **Target Area 1 (MVA clusters A, B, & C)**
- **Target Area 2 (MVA clusters D, E, F, & G)**
- **Target Area 3 (MVA clusters H & I)**

To assist in determining the target area of proposed activities, please visit the MVA page on the City's website, which allows you to search MVA data by address and neighborhood (<http://dynamic.stlouis-mo.gov/mva/>).

PLEASE NOTE: The purpose of these target areas is to encourage certain activities to be conducted within them. However, they do not prevent those activities from also being conducted elsewhere with good reason. Organizations proposing activities within a Geographic Target Area will receive additional points during the rating process.

In addition to the Geographic Target Areas, the 2015 – 2019 Consolidated Plan identifies five target corridors: Dr. Martin Luther King Jr. Corridor, Grand Corridor, North Broadway/Baden Corridor, Cass Corridor, and Jefferson Corridor. Please see the Important Additional Information Section for corridor boundaries.

- **The St. Louis Area Agency on Aging (SLAAA)** will continue to effectively operate the Elderly Services Program, which provides home delivered meals and congregate meals to seniors and persons with disabilities living in the City of St. Louis. SLAAA is the sole provider under the federal Older American's Act in the City of St. Louis and it participates in the state-funded Home Delivered Meals (HDM) program. SLAAA contracts with local senior centers for the daily delivery of catered home delivered meals to persons living in the City of Saint Louis. In accordance with HUD guidelines, CDA will require that SLAAA competitively procure service providers who will assist with the preparation of the meals.
- In 2016, SLDC will continue to operate the **Capacity Building for Minority Contractors Program** whose purpose is to design and implement a program for MBE/WBE firms in order to develop capacity and enhance the skills of contractors and other minority business owners.  - **Housing Production Program** (operated by CDA): CDA provides funding to both non-profit and for-profit developers to renovate dilapidated/abandoned properties or develop vacant land with an emphasis on safe, decent, and affordable housing primarily for low- and moderate-income persons. CDA employs Housing Analysts who effectively provide technical assistance to funded projects. CDA will issue at least one Notice of Funding Availability (NOFA) in 2016 to competitively select projects. For information on the NOFA process, please visit the CDA website: <http://www.stlouis-mo.gov/cda>.
 - **Business Development Support Program** (administered by the Local Development Corporation): The Business Development Support Program, which provides CDBG loans to businesses in the City of St. Louis, has the primary goal of supporting new and growing businesses and the creation and/or retention of jobs for low and moderate income persons. In 2016, the program will be operated by the St. Louis Economic Development Partnership, the collaborative effort of the City of St. Louis and St. Louis County. SLDC employs Commercial District Managers who effectively work with business associations, individual businesses, neighborhoods and City departments to administer the façade and public improvement program and to provide technical assistance toward the achievement of individual and collective business community goals. For more information on the façade program and to download the application, please visit the SLDC website at <http://www.stlouis-mo.gov/slhc>.

 - Emergency Shelter Rehabilitation: In 2016, CDA proposes to use \$500,000 of unspent funds to assist the City's Department of Human Services' Emergency Shelter Program in the rehabilitation and improvement of a proposed emergency shelter. The primary purpose of emergency shelters is to equip homeless persons to move into appropriate forms of permanent housing as soon as possible. In addition to being provided with emergency shelter, essential services such as case management, employment assistance and job training, and transportation may also be provided. Location of the emergency shelter will be

confirmed and reflected in the draft 2016 Annual Action Plan, which will be issued for public comment.

- Recreation Center Improvements: In 2016, CDA will use \$500,000 of unspent funds to assist the City's Department of Parks, Recreation, and Forestry in repairs to Wohl and 12th & Park Recreation Centers. Both recreation centers are located in low- and moderate neighborhoods and operate the CDBG-funded Expanded Recreation Services Program. This program is targeted to low to moderate-income children and provides after school and summer programs, providing a safe and fun environment for children during a time when they are most susceptible to crime.
