## SECTION 3

Each year the U.S. Department of Housing and Urban Development provides grants to the City of St. Louis that are generally targeted to neighborhoods with the most pressing needs for housing and economic development assistance. These HUD funds can have a tremendous economic impact on the low-income areas serviced by the grants. To assist and direct grant recipients to maximize the impact of this economic assistance, HUD requires the City of St. Louis to comply with the requirements of Section 3 of the Housing and Urban Development Act of 1968 to ensure that the HUD funds provide "to the maximum extent feasible" economic opportunities to the residents of the community being served as well as the businesses that serve them.

The purpose of Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (Section 3) is to ensure that employment and other economic opportunities generated by HUD financial assistance shall, to the greatest extent feasible and consistent with existing Federal, State and local laws and regulations, be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.

Section 3 compliance is required for Community Development Administration expenditures of funds including the following:

- Housing rehabilitation (excluding routine maintenance, repair, and replacement)
- Housing construction
- Other public construction

The Community Development Administration has granted funds to and reports findings on the following projects:

## **MBE/WBE PARTICIPATION**

The Mayor and the City of St. Louis are committed and determined to meet MBE/WBE participation goals by utilizing affirmative actions appropriate for size, type and scope of contract. As part of that ongoing effort, during 2011 the City provided block grant funding to MoKan, Vashon Jeff Vander Lou for its Minority Contractors Institute and Access/ Contractor's Assistance Program (CAO) for technical assistance and training to small MBE/WBE firms. The St. Louis Development Corporation also fosters minority construction and other businesses as part of that agency's CDA-funded work program, and M/WBE participation goals are emphasized in the City's Tax Increment Financing developments.

A full listing of certified MBE/WBE contractors may be found on the City's website at [www.mwdbe.org](http://www.mwdbe.org) or by calling M/W/DBEW Certification Outreach at (314) 551-5000.

## **SECTION 108 – CDBG FUNDS**

### **OVERVIEW**

This section summarizes Section 108 funded programs with a brief narrative describing the projects and progress made on the projects during the 2011 program year.

In 1998 the City of St. Louis applied for a \$50 million Section 108 loan. The \$50 million borrowed included \$20 million for the St. Louis Convention Headquarters Hotel project, \$20 million for the Darst-Webbe HOPE VI Revitalization project and \$10 million for a variety of neighborhood development projects. The application was amended in 1999 to increase funding for the hotel project to \$50 million. Upon completing a review of the amended application, the Department of Housing and Urban Development approved a total Section 108 loan of \$80 million.

The following activities were reported as complete in the previous Consolidated Performance and Evaluation Reports and consequently are not included in the accomplishments section of this year's report:

- St. Louis Convention Headquarters Hotel
- Darst-Webbe Revitalization Phase I
- Darst-Webbe Senior Development Improvements
- Darst-Webbe Environmental Abatement/Acquisition
- Near South Side Public Improvements Phase IV
- Assisted Elderly Development
- G. L. Vaughn Residences
- Delmar Link Public Improvements
- Near South Side Public Improvements Phase IV
- Neighborhood Commercial District Improvements

**SECTION 108 NEAR SOUTHSIDE DEVELOPMENT**

One remaining work program utilizing Section 108 funds provided funding support for the Darst-Webbe Near Southside Development. It is a contract with the Land Clearance for Redevelopment Authority. General categories of activities, funding amounts and total funds spent as of December 31, 2011 on all four related programs are listed in the following chart. At the end of the 2011 program year, nearly 99% of the budgeted funds for the HOPE VI project had been spent.

Following improvements undertaken in the Phase I Near South Side redevelopment area, additional work was needed. Work includes re-establishing the historic street grid pattern and construction of streets, alleys, lighting, utilities, sidewalks and green spaces in and around the area bounded by Chouteau, Tucker, Lafayette and 14<sup>th</sup>. The Near South Side Public Improvements Phase IV work program supports construction of an additional 144 units. The new unit construction includes 84 market rate units, 44 public housing units and 20 low income housing tax credit units. During 2005 the initial public improvement contract providing for interior street improvements in the northwest corner of the development was completed. A second public improvement activity involving street improvements on 14th, Lafayette and Park was completed in late 2005 and closed out in early 2006. A third street improvement contract for work west of Truman Parkway was undertaken in 2005 and was completed in 2006. In the spring of 2007, construction work was substantially completed at the Clinton-Peabody site (Ange, Hickory, Rutger and LaSalle Streets) located east of Truman Parkway and at the Tucker Boulevard site. In late summer, the design and plans and specifications were completed for the area north of old City Hospital (now the Georgian). A construction contract was awarded for this latter work in December 2007. During 2008 the construction work awarded in December 2007 was completed, except for landscaping. The landscaping component of the contract awarded in December 2007 was completed in 2009.

Figures represent cumulative expenses/accomplishments.

Of the \$50,000,000 awarded for the Hotel development, \$49,700,000 was made available to the developer, \$219,280 was expended for issuance/advance costs, \$43,098 was paid in interest on the interim loan, and \$37,622 for loan repayment costs. All financing sources, including the \$49,700,000 in Section 108 Loan funds, were placed in an investment account in December 2000. The funds were then disbursed in accordance with a staged disbursing schedule agreed to as part of the project financing agreements.
