-

Temporary Food Permit Criteria

- b) **Low-Risk Food**: Popcorn, lemonade, or shaved/snow cones
- c) **Low-income, low access (LILA)**: 50% or more of the population are at or below 200 percent of the federal poverty level and 50% or more of the population in that census tract lives more than ½ mile from a grocery store (check address on Geo St. Louis to determine census tract and compare to the LILA census tract map)
Nutritious Food: unadulterated food such as whole fruits and vegetables and unshelled nuts; poultry or meat, processes at a facility inspected by the Missouri Meat and Poultry Inspection Program (MMPIP) or the U.S. Department of Agriculture (USDA) Food Safety Inspection Service (FSIS), unless exempt by law, and then the seller must be registered with the State of Missouri as exempt; eggs permitted for sale with a Missouri egg license; milk, cheese, and other dairy products approved by the Missouri State Board; fish, oysters, clams, mussels, and other molluscan shellfish; products from any tree, vine, or plant and other flowers; or any of the products listed in this subsection that have been processed by the vendor that has a permanent food establishment annually renewable permit (in the City of St. Louis or another local jurisdiction in the State of Missouri and within 50 miles of the City of St. Louis), including, but not limited to, baked goods made with farm products.
- d) **Agricultural Products**: any product or commodity, raw or processed, that is marketed for human consumption (excluding water, salt and additives) or animal feed.
- g) **Cottage Food Production**: an operation out of a person’s residential home, using a kitchen and appliances designed for common residential usage, which produces a baked good, canned jam or jelly, or a dried herb or herb mix for sale at the individual’s home, selling only directly to consumers.
