

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2015 Continuum of Care (CoC) Program Competition. For more information see FY 2015 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2015 CoC Program NOFA and the FY 2015 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2014 Project Application will be imported into the FY 2015 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2014 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2015 CoC Program Competition NOFA.

1. Provide a description that addresses the entire scope of the proposed project.

This legacy Shelter Plus Care project, entering its 8th year of operation, provides permanent supportive housing/long term rental assistance to chronically homeless individuals. The Department of Mental Health (DMH) endorses "Opening Doors" the Federal Strategic Plan to Prevent and End Homelessness and we strongly believe that no one should be without a safe stable place to call home. To that end, DMH Housing has set a path to ending homelessness by working to assure that anyone housed by the Shelter Plus Care program is assisted in obtaining and maintaining stable housing. DMH continually works toward the goal of ending chronic homelessness by assuring that chronically homeless individuals and families are prioritized on our program wait lists.

Data from the most recent APR demonstrate the ongoing successes of this program:

- Housing Stability Measure: 95% of the program participants achieved the housing stability outcome measure.
- Total Income Measure: 64% of program participants maintained or increased their total income. 71% accessed at least one mainstream/non-cash resource.
- Utilization rates: The average bed and unit utilization rates for this program were 134%.

This program will continue to provide permanent housing/long term rental assistance to homeless and disabled individuals in the City of St. Louis, Missouri CoC area that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness and chronic substance use issues. Many program participants have multiple health and mental health issues. The homeless individuals identified and served by this project often have difficulty accessing shelter and transitional housing. They lack income and other resources necessary to obtain housing and maintain residential stability.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. Case managers assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.

DMH contracts with St. Patrick Center, a local supportive service and housing agency, to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. Case managers work with program participants to obtain housing units and ensure that they can access services they need to maintain housing stability.

If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, "Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

Please identify whether the project includes the following activities:

- Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs? Select "Yes" or "No" from the dropdown menu.

- Use of a single application form for four or more mainstream programs? Select "Yes" or "No" from the dropdown menu.

- At least annual follow-ups with participants to ensure mainstream benefits are received and renewed? Select "Yes" or "No" from the dropdown menu.

- Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency? Select "Yes" or "No" from the dropdown menu. If "Yes" is selected the following question will become visible:

- Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Select "Yes" or "No" from the dropdown menu.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

PH-PSH PROJECTS ONLY

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not dedicated to the chronically homeless? This is a required field. Enter the total number of beds that are not dedicated to the chronically homeless. If none of the beds are not dedicated for the chronically homeless, enter "0."

How many of the total beds entered in "2b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2015 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

How many of the beds listed in question "2c." above will be prioritized for use by the chronically homeless? This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

ALL PROJECTS EXCEPT HMIS

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at least one Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked. Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless: This field is required if the total percentage calculated above is less than 100 percent or if a number greater than 0 was entered in the "Persons at imminent risk of losing their nighttime residence" field. If both apply, the project applicant must provide a response to both questions in this field.

If the total percentage calculated above is less than 100 percent, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2015 CoC Program NOFA.

If the field for "Persons at imminent risk of losing their nighttime residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing" contains a percentage greater than 0, the project applicant must indicate how these persons meet the eligibility criteria for the project component being requested (may only be TH or SSO).

50%	Directly from the street or other locations not meant for human habitation.
	From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens.
	Persons fleeing domestic violence.
100%	Total of above percentages

2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements

6A. Standard Performance Measures

Instructions:

ALL PROJECTS EXCEPT HMIS

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: If permanent housing, count each participant who is still living in your units supported by your facility in addition to clients who have exited your units/project and moved into another permanent housing situation. If transitional housing or a safe haven, only count persons who have exited your units/project and moved into a permanent housing situation.

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private.

b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:

Universe (#): Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

Target (#): Enter the number of applicable clients from the universe that are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

7A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select "Yes" or "No" to indicate whether or not one or more of the project properties are subject to an active restrictive covenant. As a reminder, any project awarded capital cost funds (new construction, acquisition, or rehabilitation) has a 20 year or if initially awarded under the CoC Program (FY 2012 capital costs and beyond) a 15 year use restriction.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select "Yes" or "No" to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC's Reallocation Forms.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2015 NOFA and contact your local HUD office. The following questions become visible if "Yes" is selected:

- Please complete the indirect cost rate schedule below: Must complete at least one row.
 - Has this rate been approved by your cognizant agency?: Select "Yes" or "No" from the dropdown menu.
 - Do you plan to use the 10% de minimis rate? Select "Yes" or "No" from the dropdown menu.
- Select a grant term: This field is pre-populated with a one-year grant term and cannot be edited.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected on Screen "3A Project Detail." The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC's final HUD-approved FY 2015 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen "3A. Project Detail" to review the "Component Type" and/or "3B. Project Description" to review the type of project selected. See the FY 2015 CoC Program NOFA for additional guidance.

Rental Assistance Budget Detail

Instructions:

Type of Rental Assistance: Select the applicable type of rental assistance from the dropdown menu. Options include tenant-based (TRA), sponsor-based (SRA), and project-based assistance (PRA). Each type has unique requirements and applicants should refer to the 24 CFR 578.51 before making a selection.

Metropolitan or non-metropolitan fair market rent area: This is a required field. Select the FY 2015 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the chart below.

Does the applicant request rental assistance funding for less than the area's per unit size fair market rents: In the FY 2015 CoC Program Competition, eligible renewal projects requesting rental assistance are permitted to request a per-unit amount less than the Fair Market Rent (FMR). If the project applicant wants to request less than the FMR, select "Yes" from the dropdown for this question. The project applicant will then have the ability to enter an amount in the "HUD Paid Rent (applicant)" field that is less than the amount listed in the "FMR Area (applicant)" field. The following question is visible when PRA is selected:

Are you requesting a 15 year renewal per the FY2015 CoC Program NOFA? This request is only available for PH PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2015 CoC Program Competition NOFA.

Size of units: These options are system generated. Unit size is defined by the number of distinct bedrooms and not by the number of distinct beds.

of units: This is a required field. For each unit size, enter the number of units for which funding is being requested. The number(s) listed should match the CoC's HUD-approved FY 2015 GIW.

FMR: These fields are populated with the FY 2015 FMRs based on the FMR area selected by the project applicant. The FMRs are available online at <http://www.huduser.org/portal/datasets/fmr.html>.

HUD Paid Rent: For each unit size, enter the rent to be paid by the CoC program grant. This rent cannot exceed the FMR amount in the previous column; however, project applicants may request less than the FMR. Once funds are awarded recipients must document compliance with the rent reasonableness requirement set forth in section 578.51(g) of the CoC Program interim rule. (If the applicants select "No" above, this column will not be available for edit)

12 Months: These fields are populated with the value 12 to calculate the annual rent request.

Total Request: This column populates with the total calculated amount from each row based on the number of units multiplied by the corresponding "HUD Paid Rent" and by 12 months. If the applicant selected "No" above, the automatic calculation will be based on the FMR and not the "HUD Paid Rent."

Total Units and Annual Assistance Requested: The fields in this row are automatically calculated based on the total number of units and the sum of the total requests per unit size per year.

Grant Term: This field is populated with the value "1 Year" and will be read only.

Total Request for Grant Term: This field is automatically calculated based on total annual assistance requested multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review 24 CFR Part 578, the FY 2015 CoC Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash (\$) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

7I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "8. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC's HUD-approved FY 2015 GIW. HUD will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2015 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7H. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7H. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7H. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Dear Sir/Madam:

This responds to your July 9, 2010, request for information regarding the status of your group tax exemption.

Our records indicate that you were issued a determination letter in March 1946, that you are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, and are not a private foundation within the meaning of section 509(a) of the Code because you are described in sections 509(a)(1) and 170(b)(1)(A)(i).

With your request, you provided a copy of the *Official Catholic Directory for 2010*, which includes the names and addresses of the agencies and instrumentalities and the educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories, and possessions that are subordinate organizations under your group tax exemption. Your request indicated that each subordinate organization is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, and that no substantial part of their activities is for promotion of legislation. You have further represented that none of your subordinate organizations is a private foundation under section 509(a), although all subordinates do not all share the same sub-classification under section 509(a). Based on your representations, the subordinate organizations in the *Official Catholic Directory for 2010* are recognized as exempt under section 501(c)(3) of the Code under GEN 0928.

Donors may deduct contributions to you and your subordinate organizations as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gifts tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

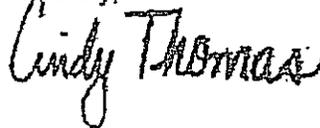

Subordinate organizations under a group exemption do not receive individual exemption letters. Most subordinate organizations are not separately listed in Publication 78 or the EO Business Master File. Donors may verify that a subordinate organization is included

in your group exemption by consulting the *Official Catholic Directory*, the official subordinate listing approved by you, or by contacting you directly. IRS does not verify the inclusion of subordinate organizations under your group exemption. See IRS Publication 4573, *Group Exemption*, for additional information about group exemptions.

Each subordinate organization covered in a group exemption should have its own EIN. Each subordinate organization must use its own EIN, not the EIN of the central organization, in all filings with IRS.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

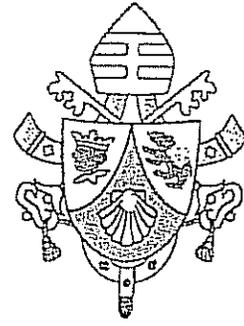

A handwritten signature in black ink that reads "Cindy Thomas". The signature is written in a cursive style with a large, prominent initial "C".
