Section 137.505 RSMo, requires a filing penalty of ten (10%) be added to the tax bill of any taxpayer who neglects or refuses to file a manufacturing property declaration. To avoid this penalty, you must file your declaration by July 1, 2019. An unsigned or incomplete declaration is not a properly completed declaration and may not be accepted by the License Collector's Office. If you are not in agreement with the assessed value as determined on this form, you may file an appeal with the Merchants' and Manufacturers' Tax Equalization Board.

INSTRUCTIONS AND DEFINITIONS

Section 1

The Manufacturing Tax Department will place a label in this Section of the declaration, once we receive it. If your company has changed its' Name, Address, or Federal ID#, please make those changes to the right under **Corrections.**

Section 2

USEFUL DEFINITIONS

CONSTRUCTION IN PROGRESS - Construction in Progress, as of January 1. This category is for tangible personal property equipment only; do not include real property construction such as interior remodeling. An example of this category would be an item of large manufacturing equipment on site but not assembled or installed for use in a facility on January 1.

EXPENDABLE SUPPLIES - Expendable Supplies on hand January 1, including repair parts, shop supplies, and maintenance inventory. The repair/maintenance/supply expense line items should include items of an incidental nature intended to keep machinery, tools and appliances in efficient operating condition.

Sections 3 through 7 – Capitalized Cost Definition

CAPITALIZED ASSETS - Any owned physical (tangible) object having value expressed in terms of its cost that is machinery, tools or appliances located on premises. Manufacturing equipment must be reported at 100% of cost. The term “cost” as used in this section is the actual purchase price of the equipment including all direct costs. **Please, do not include any freight, installation, engineering, sales tax, use tax, import duties, fees and other costs incurred in the acquisition of the property.**

The depreciated book value cannot be used as the cost.

Include any assets elected as Section 179 (IRS Form #4562). Please report this in appropriate acquisition year in column “A”. *Provide a list of capitalized assets.*

Section 3 – Depreciation Method

ASSETS PURCHASED PRIOR TO JANUARY 2, 2006 – There is a ten (10%) depreciation allowance after the first year of ownership, graduating up to seventy percent (70%) starting with the 7th year. The thirty percent (10%) residual value will remain as long as the property is kept on hand.

Sections 4 through 7 – Depreciation Method

ASSETS PURCHASED AFTER JANUARY 2, 2006 – According to Missouri Revised Statutes, Chapter 137, Section 137.122, a standardized schedule of depreciation will be applied state-wide to depreciable tangible personal property assets acquired on or after January 2, 2006. **Assets acquired prior to 2006 will continue to be listed and depreciated on the existing schedules on the Manufacturing Property Declaration.** The new depreciation rates and schedules are based upon the IRS MACRS tables, as adjusted and adopted by the State of Missouri Legislature. **It is important to note that, for tax purposes, assets are never fully depreciated.** Assets that have been fully depreciated on your books must continue to be reported at their original cost and acquisition year as long as they are physically located at your place of business.

IRS MACRS RECOVERY TABLES - SAMPLES OF ASSET CLASSIFICATION

Three-Year Recovery

- Most special or customized tools, jigs, molds, dies, pattern for manufacturing industries

Five-Year Recovery

- Assets used in the manufacturer of certain textile products , organic an inorganic chemicals
- Photographic materials, and certain electronic systems

Seven-Year Recovery

- Assets used in most other types of manufacturing processes fall in this category

Ten-Year Recovery

- Assets used in the production of grain products, sugar, syrups, oils from vegetables.

Sections 3 through 7 – Column Instructions

Column A – Report all **Capitalized Assets**, as defined above in **Column A** of the appropriate acquisition year. **Provide a list of capitalized assets.**

Column B - MODIFICATIONS AND UPGRADES - Modifications and Upgrades Capitalized and Expensed
- If the repair expense prolongs the useful life of the asset, then the cost of the Modification/Upgrades should be reported in appropriate acquisition year in column “B”.

Column C -LEASED EQUIPMENT - Include all manufacturing equipment on your premises that is leased from any lesser. (Provide a separate list with description of all equipment, including serial number and lease number. *You must provide year of acquisition, retail selling price new or historical cost and payment schedule and duration.* Be sure to provide the name and address of the lesser and copy of lease agreement. If additional space is required, please attach list.) Please enter all leased equipment in the appropriate year of acquisition in column “C”.

Column C -LOANED EQUIPMENT - Machinery, tools, appliances, molds, dies and jigs owned by others and on your premises on January 1, are to be reported at retail selling price new or historical cost on year of acquisition line in column “C”. *Be sure to attach a list providing the name, address, contact person, phone and fax numbers and Federal Employer Identification Number of the owner of the loaned manufacturing equipment.* **If you lease, rent or loan manufacturing equipment to others, attach a schedule showing name of lessee, start and end date of lease, location of equipment, sales price or cost of equipment new and date of acquisition.**

Column D - EXPENSED ASSETS - Include the cost of expensed assets or non-capitalized assets held as manufacturing equipment, such as **small tools which have not been included under capitalized assets.** Please report this in appropriate acquisition year in column “D”.

Column E - TOTAL ACQUISITION COST – Manufacturing equipment must be reported at 100% of cost. The term “cost” as used on this declaration is the actual sales price of the equipment including all direct costs. **Do not include any indirect costs incurred in the acquisition of the property.**

The depreciated book value cannot be used as the cost.

Please report in appropriate acquisition year in column “E” adding columns A+B+C+D.

Column F – Depreciation Allowance/Assessed Value Factor – Apply the depreciation factor for the year of acquisition and dividing by three (3), the Assessed Value should be reported in **Column G.**

Other Requirements

RETIRED OR DISPOSED - If you have removed from your premises any machinery, tools or appliances which were reported on your previous declaration, please explain and *provide a list of property removed as well as the date acquired, acquisition cost and date removed.*

MULTIPLE BUSINESSES - Attach a schedule showing the name of any individual, corporation or joint venture doing business on the premises. Please furnish the *Federal Employer Identification Number* if filing a separate return.

SOFTWARE - Software that is installed into a machine (*without which the machine will not operate*) is considered to be an integral part of the operation and control of the machine. If the machine is normally sold new with software built into the total cost to make the machine fully operational, then the software is taxable.
