

Questions and Answers

- 1. Will you accept bids for specific services or do proposals have to cover all services in the RFP?**
Proposals must cover all services in the RFP.
- 2. Are you wanting bids on the services that are not funded for the first year?**
We only need bids on the services provided the first year. Subsequent years do not require an additional bid, just descriptions of how you would provide those services.
- 3. What are the goals and objectives of the BounceBack program?**
The goals and objectives are to provide the training and services outlined in the RFP. There are no quantitative attendee goals.
- 4. Is there a page limit for proposals and, if so, what is it?**
The preferred page limit is 10, but because there is no specification in the actual RFP, additional pages will be accepted.
