Behavioral Modification

- ▶ ***Behavioral Modifications:*** The integration of behavioral modification is a powerful component. Our training program attempts to protect youth from delinquent labeling and social isolation caused by involvement in the juvenile justice system.
- 

Case Management

- ▶ ***Case Management Ratio/Advocacy.*** The case manager will work along with each participant's legal representative, school counselors, social services case manager, juvenile probation officers, mentors, and family to ensure a holistic advocacy process takes place.

Mental Health

- ▶ ***Participant Access to Counseling:*** Mental health counseling and drug and alcohol counseling will be essential program elements. When youth are free of depression, anxiety, excessive stress and worry, addictions, and other psychological problems, they are more able to concentrate on their own well-being.
- 

Mentoring

- ▶ ***Evidence-based Mentoring Strategy:*** The Case Manager will also facilitate a mentoring component based on six evidence-based standards addressing mentor and mentee recruitment; screening; training; matching; monitoring and support; and closure.

Occupational Skills Training
