***Specifications for 41516Q1100
John Deere 605K Crawler/Loader***

ENGINE		
	Meet or Exceeds Specs	
Four Cylinder, turbocharged, charge air cooled diesel engine	_____Yes	_____No
Engine shall have a wet-sleeve cylinder liner design for improved cylinder cooling over dry sleeve and cast-in-block design and for improved cylinder and piston ring durability.	_____Yes	_____No
The machine will come standard with auto turbo cool down.	_____Yes	_____No
The machine will come standard with auto shut down	_____Yes	_____No
Engine displacement shall be no less than 276 cu. In. (4.5L)	_____Yes	_____No
Engine rated net power shall be no less than 110 net hp (83 kW) @ 2200 rpm	_____Yes	_____No
The engine maximum net torque shall not be less than 350 lb-ft (474 Nm) @ 1400 rpm	_____Yes	_____No
The high pressure common rail fuel system will include a pre-filter, water separator and replaceable element filters.	_____Yes	_____No
Daily check points shall be accessible from one side of the engine and shall be done from ground level.	_____Yes	_____No
Under-hood engine air cleaner shall be dry-type, vacuum-aspirated, dual-element with evacuator valve with automatic dust ejector.	_____Yes	_____No
Engine oil filter shall be a full-flow spin-on with anti-drain back valve and environmental drain hoses.	_____Yes	_____No
Service interval for the engine oil and filter shall be a minimum of 500 hours.	_____Yes	_____No
The engine shall maintain lubrication pressure for operation up to 45 degrees.	_____Yes	_____No
Glow plugs shall be provided for cold-starting aid.	_____Yes	_____No
The radiator shall be heavy-duty, 10.2 fins-per-inch, to minimize plugging	_____Yes	_____No
Hydraulically driven variable speed fan for maximum cooling, reduced noise levels, and fuel consumption with optional reversing fan	_____Yes	_____No
A hinged, reinforced radiator guard will be standard	_____Yes	_____No
The electrical system shall be 24 volt with 100 amp alternator	_____Yes	_____No
The cooling system shall be arranged in a Quad-Cool pattern for optimal efficiency and durability.	_____Yes	_____No

POWER TRAIN/BRAKES		
	Meet or Exceeds Specs	
The drive system shall be dual-path, electronic-controlled, hydrostatic drive.	_____ Yes	_____ No
The transmission shall be automatic load sensing that adjusts to speed and power to match changing load conditions with each track powered by a variable-displacement piston pump and motor.	_____ Yes	_____ No
The direction and speed lever shall be a single V pattern control for forward/reverse travel and grounds speed and positioned close to the operator for convenience.	_____ Yes	_____ No
The forward and reverse speed shall reach 5.5 mph (8.9 km/h) for maximum productivity.	_____ Yes	_____ No
Service interval for the hydrostatic oil and filter shall be 2000 hours.	_____ Yes	_____ No
The single center-mounted, speed and brake pedal will allow the operator to slow travel speed to help maintain traction without affecting engine power and hydraulic response. Fully depressing the pedal applies the brakes.	_____ Yes	_____ No
The parking brake shall be automatically spring applied, hydraulically released, oil cooled, multi-disc	_____ Yes	_____ No
Sealed hydraulic and hydrostatic reservoirs are separate, eliminating cross-contamination	_____ Yes	_____ No
The engine and hydraulic/hydrostatic system shall all use the same type of oil to simplify service and eliminate the need to stock several different fluids.	_____ Yes	_____ No
HYDRAULIC SYSTEM		
The hydraulic system have a system relief pressure at no less than 3,200 psi (22 063 kPa)	_____ Yes	_____ No
The hydraulic pump flow will be no less than 36 gpm (135 L/min) @ 2200 rpm	_____ Yes	_____ No
Hydraulic reservoir with filter capacity should be no less than 22 gallons (83 L) and the hydrostatic reservoir with filter shall be no less than 13 gallons (49 L) for extended hydraulic fluid intervals and cooler system temperature. A sight gauge and shall be standard.	_____ Yes	_____ No
Hydraulic/Transmission filter restriction shall be displayed in the cab	_____ Yes	_____ No
Diagnostic ports shall be available to check the hydraulic system, engine coolant and engine oil.	_____ Yes	_____ No
The hoses shall use O-ring face seals to provide maximum leak prevention	_____ Yes	_____ No
The dozer shall be provided with two function loader valve with single lever bucket control	_____ Yes	_____ No
The single control lever shall control boom raise and lower and bucket roll-back and dump and positioned close to the operator for convenience.	_____ Yes	_____ No
To provide rapid in-field diagnosis, quick disconnect hydraulic pressure taps shall be provided.	_____ Yes	_____ No

HYDRAULIC SYSTEM....con't.		
The hydraulic cylinders shall be heat-treated, chrome-plated cylinder rods and optional bolt-on cylinder guards with hardened steel pivot pins.	_____ Yes	_____ No
The boom and bucket hydraulic cylinders shall use in-cylinder sensors to enable return-to-dig, boom-height kickout, and bucket leveling	_____ Yes	_____ No
ELECTRICAL		
Two heavy-duty batteries shall be included, 24 volt, 950 CCA	_____ Yes	_____ No
The unit shall be provided with an electrically activated battery master disconnect	_____ Yes	_____ No
The loader will be provided with cab mounted working lights, two front mounted and two rear.	_____ Yes	_____ No
UNDERCARRIAGE		
There will be at least six bottom track rollers with one carrier roller on each side of the machine	_____ Yes	_____ No
The tract shall have maintenance-free components: sealed and lubricated rollers, and idlers.	_____ Yes	_____ No
Pins and bushings will be sealed for life	_____ Yes	_____ No
Links and rollers shall be hardened through the wear limit for long and consistent life	_____ Yes	_____ No
The crawler will have standard grouser width of 20 in. (508 mm), closed center, double bar track shoes	_____ Yes	_____ No
The tractor shall have no less than 85 in. (2164 mm) of track on the ground for greater flotation, better gradability and smoother travel.	_____ Yes	_____ No
Front idler and sprocket chain guides shall be standard	_____ Yes	_____ No
A split master link shall be on the track	_____ Yes	_____ No
The ground clearance with double-bar grouser shall be at least 12.6 in. (320 mm) (excluding grouser height)	_____ Yes	_____ No
LOADER		
The return to dig feature shall be standard on the machine	_____ Yes	_____ No
The bucket level indicator shall be included with the machine	_____ Yes	_____ No
The bucket float will be electrically controlled	_____ Yes	_____ No
The breakout force of a standard machine with full fuel and operator shall be no less than 24,054 lbf (107kN)	_____ Yes	_____ No
The dumping height at 45 degrees with standard bucket and bolt-on teeth shall be no less than 8 ft. 8 in (2640 mm)	_____ Yes	_____ No
Digging depth below grade with standard general-purpose bucket and bolt-on teeth shall be no less than 5.1 (130 mm).	_____ Yes	_____ No
Heaped capacity of the standard general-purpose bucket with bolt-on teeth shall be no less than 1.7 cu yd (1.3 m ³)	_____ Yes	_____ No

LOADER...con't.		
A machine equipped with a standard general-purpose bucket with bolt-on teeth, canopy, full fuel tank, 20 in. double-grouser shoes shall have a static tipping load of no less than 19529 lb (8 858 kg)	_____ Yes	_____ No
OPERATOR STATION		
Module cab with integrated ROPS/FOPS protection shall be available. The loader shall incorporate a standard hydraulic cab tilting system.	_____ Yes	_____ No
The machine shall be equipped with keyless start and coded-security modes	_____ Yes	_____ No
The machine shall be equipped with viscous cab mounts to isolate the operator and cab from vibration	_____ Yes	_____ No
The machine shall be equipped with dual park lock levers for safety	_____ Yes	_____ No
Three speed air conditioner/heater/defroster with filtered fresh air intake and two speed under seat heater shall be standard on the machine.	_____ Yes	_____ No
The cab will be equipped with tinted glass and pushout, hinged side windows	_____ Yes	_____ No
Windshield wipers with washers will be provided for the front and rear windows.	_____ Yes	_____ No
The cab shall have left and right access for ease of entry	_____ Yes	_____ No
The standard seat shall be an air suspension cloth seat with adjustable armrests, backrest, height/weight and seat cushion for maximum operator comfort.	_____ Yes	_____ No
The operator shall have an electronic monitor system with an indicator for: engine air filter restriction; hydraulic and hydrostatic filter restriction, hydrostatic transmission pressure, low alternator voltage and park brake	_____ Yes	_____ No
The operator station shall have illuminated gauges for engine coolant temperature, engine oil pressure, fuel level and a display for hour meter	_____ Yes	_____ No
Boom float will be provided with joystick activated locking detent	_____ Yes	_____ No
12 volt power port will be provided in the cab	_____ Yes	_____ No
An interior mounted, rear-view mirror will be standard with the machine.	_____ Yes	_____ No
The monitor shall allow customized forward/reverse ground speed ranges, steering modulation, FNR shift rates, and FNR speed ratios	_____ Yes	_____ No

GENERAL SPECIFICATIONS...con't.		
The rear counterweight shall be built-in	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Periodic maintenance and lube chart shall be posted for easy reference to ensure that maintenance is performed according to schedule.	<input type="checkbox"/> Yes	<input type="checkbox"/> No
The loader bucket pin will be sealed, oil filled and maintenance-free.	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Unit shall have a vandal protection package that includes a lockable engine access door, hydraulic and transmission access door, instrument panel and the wide mouth filler cap	<input type="checkbox"/> Yes	<input type="checkbox"/> No
SAE operating weight with standard equipment, ROPS, full fuel tank and 175 lb (79 kg) operator shall be no less than 26,940 lbs (12 220 kg)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Reinforced engine bottom guards shall be standard	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Ground pressure with standard equipment, cab, bucket, full fuel tank and 175 lb (79 kg) operator with standard bucket and bolt-on teeth with 20 in. (508 mm) double grousers shall be no more than 7.9 psi (54.5 kPa)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
The fuel tank shall have a lockable cap and capacity shall be no less than 47 gal (178 L)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
FRAMES & STRUCTURES		
The unit shall be built on a one-piece unitized mainframe	<input type="checkbox"/> Yes	<input type="checkbox"/> No
The machine design shall provide quick access to the hydrostatic drive motors and engine. If cab needs to be tilted for access, this should be done in less than 10 minutes.	<input type="checkbox"/> Yes	<input type="checkbox"/> No

The Following Options Shall Be Included or Approved Equal

- 1 Year Full Factory Warranty
- Extended Power Train & Hydraulic Warranty 24 Months or 3,000 hours
- 20 In. (508 mm), Closed Center Double Grouser
- Cab with Air Conditioner & Heater
- Air suspension comfort control high back fabric seat
- 1.3 Cu. Yd. (1.0 Cu. M.) Multi-purpose bucket with Teeth & Back Drag Edge
- Bolt - on Bucket Teeth (8)
- Hydraulic – Drive Engine Fan
- Hydraulic & Hydrostatic Oil – Hydrau
- Dual Axis Joystick Loader controls with front Hydraulics
- JDLink Ultimate
- V Pattern Speed & Direction Control with Pedal Steering or Joystick Steering
- AM – FM, Weather Band Radio
- Engine Block Heater

ATTENTION BIDDERS

Please carefully review all information requested in this bid package.

Failure to submit requested samples, literature or any other requested information may result in disqualification of your bid or any portion of your bid.

Also the reasons indicated below may disqualify your bid. If you have any questions, call the buyer indicated in this bid package.

This form must be returned with your bid.

- Two or more bids submitted for one item, unless instructed to do so. (item rejected)
- Signature missing on bid or any required form.
- Buy American Form not completed or returned. (may be rejected)
- M/WBE Form not completed or returned. (may be rejected)
- Altered or erased unit prices must be initialed.
- Faxed bid, unless specifically requested (will be rejected).

- FOR CONTRACTS ONLY: Please provide your DUNS # _____
- FOR CONTRACTS ONLY: Failure to submit required Bond by the date indicated.

I certify that I have read and understand the information above.

ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT

The City of St. Louis has enacted an ordinance relating to the purchase of domestic products by City government, with penalty provisions. The ordinance amends Section 5.58.010 Revised Code of the City of St. Louis, 1986, as amended by adding thereto new subsections dealing with the requirement that the Supply Commissioner or his designee give preference to goods or commodities manufactured in the United States of America, stating exceptions to said policy. Sections one through six are reprinted below.

Section One. Section 5.58.010 Revised Code of the City of St. Louis is hereby amended by adding the following language: Each solicitation to bid and the method of describing the items to be bid upon of any goods or commodities sought to be purchased by the Office of Supply Commissioner, and any contract entered into by and on behalf of the City of St. Louis and executed by the Mayor and/or the Comptroller of the City of St. Louis wherein the construction, alteration, repair or maintenance of any public works is the subject of the contract so executed, shall contain a provision that the goods or commodities furnished or used in the furtherance of said project by any contractor or subcontractor, manufacturer or supplier as the case may be, shall be manufactured, assembled or produced in the United States, and said requirement as defined above shall be stated in said bid.

Section Two. The provision of Section One of this Ordinance shall not apply in the following instances:

- (i) Where the item purchased as the contract entered into for repairs or renovation is less than One Thousand (\$1,000.00) Dollars.
- (ii) Where no line of a particular good or product is manufactured, assembled or produced in the United States.
- (iii) Where the acquisition of United States manufactured or produced goods would increase the cost by more than (10%) percent.

Section Three. The certificate required by this section shall specify the nature of the contract, the product being purchased or leased, the names and addresses of the United States manufacturers and producers contracted by the Commissioner or the project architect or engineer, and an indication that such manufacturers or producers could not supply sufficient quantities or that the price of the products would increase the cost of the contract by more than ten percent.

Section Four. No public agency may authorize, provide for, or make any payment to any vendor or contractor upon any contract in violation of section 2 of this act. Prior to the awarding of the bid and before any public agency authorizes, provides, or makes payment to any vendor or contractor upon any contract to which section 2 or 6 of this act applies, the vendor or contractor shall provide proof of compliance with section 2, and, if applicable, section 6 of this act. Any vendor or contractor who knowingly misrepresents any material fact to the public agency concerning the origin of any manufactured goods or commodities shall be guilty of a Class A misdemeanor.

Section Five. Sections 1 to 6 of this act shall apply only to contracts and subcontracts entered into after the effective date of this act, and shall not limit the use or supply of manufactured goods or commodities purchased or leased prior to the effective date of this act.

Section Six. Nothing in sections 1 or 6 of this act is intended to contravene any existing treaty, law, agreement, or regulation of the United States. All contracts under section 1 or 6 of this act shall be entered into in accordance with existing treaty, law, agreement, or regulation of the United States including all treaties entered into between foreign countries and the United States regarding export-import restrictions and international trade and shall not be in violation of sections 1 to 6 of this act to the extent of such accordance.

Interpretations and Guidelines

Section One: "Shall be manufactured" is interpreted to mean to make or process a raw material into a finished product or to turn-out in a mechanical manner. "Assembled" is interpreted to mean to fit or to join together the parts, gather, or to congregate in a manufacturing environment. "Produced" is interpreted to mean to create by manual or physical effort, to make or yield to customary product or products.

Section Two (i) This is interpreted to mean less than one thousand dollars in aggregate (total purchases).

(iii) When applying this subsection, multiply the cost of the foreign product by ten percent and compare the cost to the American product. If the American product cost is less than the sum of the cost of the foreign product plus ten percent, the award will be made to the vendor bidding the American product. The price paid by the City of St. Louis will be the actual price bid by the winning bidder.

Section Three: "Could not supply sufficient quantities" is interpreted to mean in order to meet the using agency's delivery schedule and in quantity specified.

Section Four: The vendor's authorized representative must complete a self-certification form, as required by the existing procedures previously indicated. These certification forms will be used to determine whether the manufacturer or producers could, or could not supply sufficient quantities, or the cost of the products would increase the contract by more than ten percent.

Prior to the City awarding the bid, the vendor shall provide certification that the product being bid is manufactured, assembled or produced in the United States or there is an existing treaty, law or regulation whereby the product bid shall be treated the same as product manufactured, assembled or produced in the United States. The procuring agency shall accept the self certification in order to apply the percentage differential that is applicable under this law. Failure to provide certification shall cause the city to presume that such product is not American made and preference shall not be considered for that product.

CERTIFICATION FORM ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT (BUY AMERICAN)

Bidders are advised of legislation enacted by the City of St. Louis which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured, assembled or produced in the United States, unless obtaining American made products would increase the cost of this contract by more than ten percent.

Section Four requires the vendor or contractor to certify his compliance with this legislation and if applicable, Section Six, if preference is claimed.

This legislation does not apply if the total bid is less than one thousand dollars (\$1,000.00).

Bids received will be evaluated on the basis of this legislation. Certificates of compliance must be completed and returned to be considered for preference. Failure to provide certification shall cause the City to presume that such product is not American made.

CERTIFICATION

If **all** the specified goods or products are manufactured, assembled or produced in the United States, check box at left and complete certification at the bottom of this form.

SECTION SIX CERTIFICATION

If any or all of the specified goods or products are manufactured, assembled or produced in a country other than the "United States", and exemption is requested because such product is Fair Trade Product: (a) list the country, other than the United States, where each good or product you propose to furnish is manufactured, assembled or produced; (b) check box at left of this paragraph and list corresponding commodities and (c) complete Section Six Documentation portion below.

Item Number(s)

Location Where Item Manufactured, Assembled or Produced

SECTION SIX DOCUMENTATION

The specified goods or products are treated as manufactured, assembled or produced in the United States under an existing treaty, law, agreement or regulation of the United States regarding export-import restrictions and international trade. List item Number(s) and Treaties covering item below.

DEFINITIONS

- MANUFACTURED** - to make or process a raw material into a finished product; create, or to produce or to turn-out in a mechanical manner.
- ASSEMBLED** - to fit or join together the parts in a manufacturing environment.
- PRODUCED** - create by manual or physical effort, to make or yield the customary product or products.

MUST BE COMPLETED AND SIGNED

I hereby certify that the above information is true and correct and further certify that this statement complies with all provisions of Section 5.58.010 Revised Code of the City of St. Louis, 1985, as amended.

CITY: _____ **STATE:** _____ **ZIP:** _____

BY: _____

(SIGNATURE and TITLE)

**CITY OF ST. LOUIS/SUPPLY DIVISION
MINORITY/WOMEN BUSINESS ENTERPRISES FORM
(M/WBE FORM)**

A. Mayor's Executive Order #28, Section Six - Supply Contracts

1. The goal of the City of St. Louis is that 25% of the value of all contracts let and purchases made by the Supply Commissioner shall be let or made with Minority Business Enterprises (MBEs) and that 5% of the value of all contracts let and purchases made by the Supply Commissioner shall be let or made with Women's Business Enterprises (WBEs).
2. All contracts let by the Supply Division for the purchase or lease of materials, equipment, supplies, commodities or services, the estimated cost of which exceeds \$500, shall be subject to this goal.
3. The methods by which the Supply Commissioner shall pursue this goal shall include but not be limited to the following:
 - a. The Supply Commissioner shall solicit bids from minority business enterprises and women's business enterprises certified to supply the required materials, equipment, supplies or services;
 - b. St. Louis Airport Authority (SLAA) shall provide the Supply Commissioner with a list of minority business enterprises and women's business enterprises qualified to provide each of those commodities that the Supply Commissioner indicates are required by the City;
 - c. The Supply Commissioner shall notify SLAA prior to solicitation of bids whenever no such qualified businesses are available;
 - d. SLAA shall attempt to identify such qualified businesses, and if successful, shall notify the Supply Commissioner of their availability; and
 - e. The Supply Commissioner shall provide such minority business enterprises and women's business enterprises every practical opportunity to submit bids.
4. Joint ventures or mentor-protégé relationships between prime contractors and subcontractors with local MBE and WBE firms are encouraged.
5. Participation of MBE and WBE firms located outside the St. Louis Metropolitan Statistical Area (SMSA) shall not count toward the goals established in this order.

B. SUPPLY DIVISION POLICY

It is the policy of the Supply Division that all bids/contracts awarded adhere to the Mayor's Executive Order #28. All vendors are encouraged to comply with this policy and all other provisions of Executive Order #28. A copy of Executive Order #28 is available upon request. Each Vendor/Contractor (bidder) must complete, sign and return this M/WBE Form. Failure to complete, sign and return the M/WBE Form will result in the bid being declared non responsive and your bid may be eliminated.

C. OBLIGATION

The bidder agrees to make a good faith effort to ensure that M/WBE businesses have an opportunity to participate in the performance of contracts or subcontracts financed in whole or in part with City funds. The bidder will take all necessary and reasonable steps to ensure that said businesses have an opportunity to compete for and perform under this bid/contract. The bidder shall not discriminate on the basis of race, color, national origin or sex in the award and performance of bids/contracts. The Directory of Disadvantaged, Minority and Women Owned Business Enterprises certified by the City of St. Louis, can be viewed at www.mwdbe.org.

ORDINANCE #69431
Board Bill No. 295
Committee Substitute
As Amended

An Ordinance repealing Section One, part 86.040 of Ordinance 56716, pertaining to the opening of bids, codified as Section 5.58.040 of the Revised Code of the City of St. Louis, and enacting a new provision on the same subject matter which allows a local bidder to match the lowest bid when the lowest bid is from a non-local bidder; enacting a new provision on the same subject matter; containing severability clause.

WHEREAS, local businesses which seek to enter into contracts with the City of St. Louis are at a competitive disadvantage with businesses from other areas because of the higher administrative costs of doing business in the City;

WHEREAS, the City of St. Louis desires to encourage businesses to remain in the City and to relocate to the City;

WHEREAS, by enacting a local preference law that allows a local firm to match the lowest bid when its bid is within 2% percent of the lowest bid, the City hopes to encourage and stimulate local business.

BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. Section One, part 86.040, Ordinance 56716 is hereby repealed.

SECTION TWO. Enacted in lieu thereof is the following new section.

5.58.040 - Opening of bids.

A. Proposals shall be opened at the time and place fixed by the advertisement, in the presence of such bidders as desire to be present, and shall be open to the inspection of bidders.

B. The bids shall not be materially modified or amended as to price, specification or otherwise, nor substitutions placed thereon, after opening except when the lowest bid is from a non-local bidder. When the lowest bid is from a non-local bidder, any local bidder within two percent of the lowest bid may match the lowest bid. If a local bidder matches the lowest bid, then the Supply Commissioner may select the bid from the local bidder. If more than one local bidder is within two percent of the lowest bid, then only the lowest local bidder may match the bid. In all other circumstances, modification, supplementation or amendment shall cause rejection of the bid. For purposes of this chapter, local bidder means a bidder whose principal place of business is within the City of St. Louis, has had a valid business license for at least one year, and is current in payment of local taxes. Principal place of business shall be defined as the business's physical office, plant, or site where a majority (51%) of the full-time employees, chief officer, and managers of the business regularly work and conduct business, or where the plant or office and equipment required for the furnishing of the goods or performance of the services provided to the City, as required by the contract, are physically located in the City of St. Louis for at least one taxable year immediately prior to the date of the bid.

C. Bids may be for one or more or all the articles advertised for, but there shall be a specific bid on each article. The award may be made to the lowest bidder for any article, or to the lowest bidder for the entire requisition or any part thereof, but the Board of Standardization may reject any or all bids or any part of any bid.

SECTION THREE. Severability.

The provisions of this section are severable. If any provision of this ordinance is declared invalid, that invalidity shall not affect other provisions of the ordinance which can be given effect without the invalid provision.

Approved: April 29, 2013

CITY OF ST LOUIS, MISSOURI
INSTRUCTION TO BIDDERS (for request for quotations - RFQs)

VENDORS SHOULD CAREFULLY READ THE FOLLOWING INSTRUCTIONS AND TERMS AND CONDITIONS, BEFORE SUBMITTING QUOTATION. **CAUTION: THIS IS NOT AN ORDER**

- Quotations will only be accepted on this form which must be returned in a **sealed envelope**. *The upper left corner of the envelope must include the following information: Vendor Name, Quotation Number and the Due By Date.* This information is also required on any mail delivered next day or overnight.
- Quotations should be typewritten or in ink. Altered or erased unit price(s) must be initialed. One copy of Quotation Sheet must be submitted, please retain a copy for your files.
- The Supply Commissioner reserves the right to reject any or all bids.
- The Supply Commissioner reserves the right to make awards on an item basis or on a total basis.
- Bidders must quote Unit Price(s) and Extension on each item. When an error appears on an extension, the Unit Price(s) will govern.
- When Quotation Sheet requests item(s) by brand name and your quote is for an alternate brand – show brand name(s) with model number(s) and attach full specifications.
- When Quotation Sheet has only a general description(s) of item(s) required – show brand name with model number(s) and attach full specifications.
- Suppliers shall not offer more than one bid on each item. Two or more quotations on the same item may cause a rejection of the bid. Suppliers must determine which one of their many styles or types fully meet the specification.
- Freight or delivery charges must be included in quote, or shown separately on quote, so bid can be evaluated.
- **Bids must arrive no later than NOON** on the date stated or will be rejected. Faxed or E-mailed bids are not accepted unless specifically requested.
- Bids will be publicly opened on the date specified beginning at NOON.
- Prices quoted will be considered firm.
- Bids having an acceptance limit of less than 30 days after opening date may be rejected.
- Time of proposed delivery must be stated in definite terms.
- Failure of Bidder to understand the item(s) requested or any part of the specifications will not be a valid reason for bidding on the wrong item(s). Any questions regarding description of item(s) requested should be cleared with the Buyer listed in the bid document.
- **Samples** when requested must be delivered before actual time of bid opening with each sample plainly tagged showing the name of Bidder, Quotation Number, Brand Name and lot number or quality. Submission of samples does not relieve bidder from meeting the specifications as outlined in the Bid Documents unless the bidder specifically states they are bidding on an alternate.
- All samples are to be submitted to the address listed below unless otherwise stated in Bid Documents.
- Deliveries must be accompanied by a packing slip or invoice, listing the Department, Quotation Number, and the exact quantities of each item included in the shipment.
- ONLY U.S.P., N.F., OR N.N.D. DRUGS ARE ACCEPTABLE. ALL DRUGS MUST COME IN MANUFACTURER'S ORIGINAL PACKAGES, PROPERLY SEALED.
- In the event the successful bidder fails to make delivery of any item or items that meet the conditions and requirements as outlined in this proposal within 7 days of time stated by bidder on face of this quotation sheet, the City reserves the right to purchase said item or items on the "OPEN MARKET" and charge any costs above the BID PRICE to the bidder.
- The laws of the State of Missouri provide that the City of St. Louis pay no State Sales or Use Tax or Federal Excise Taxes and these taxes should be excluded from your bid price. Federal Excise Tax Exemption Certificates will be furnished to successful bidder.
- Suppliers shall save harmless the City of St. Louis from the payment of any and all claims or demands arising out of any infringement, alleged infringement, or use of any patent or patented device, article, system, arrangement, material or process used by him in the execution of this contract.
- Supply Division hours are Monday through Friday – 8:00 A.M. to 5:00 P.M. Main Number: 314-622-4580.

All bids must be submitted in a SEALED ENVELOPE and mailed to:

SUPPLY COMMISSIONER
1200 MARKET ST RM 324
ST LOUIS MO 63103-2842
