ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT

The City of St. Louis has enacted an ordinance relating to the purchase of domestic products by City government, with penalty provisions. The ordinance amends Section 5.58.010 Revised Code of the City of St. Louis, 1986, as amended by adding thereto new subsections dealing with the requirement that the Supply Commissioner or his designee give preference to goods or commodities manufactured in the United States of America, stating exceptions to said policy. Sections one through six are reprinted below.

Section One. Section 5.58.010 Revised Code of the City of St. Louis is hereby amended by adding the following language: Each solicitation to bid and the method of describing the items to be bid upon of any goods or commodities sought to be purchased by the Office of Supply Commissioner, and any contract entered into by and on behalf of the City of St. Louis and executed by the Mayor and/or the Comptroller of the City of St. Louis wherein the construction, alteration, repair or maintenance of any public works is the subject of the contract so executed, shall contain a provision that the goods or commodities furnished or used in the furtherance of said project by any contractor or subcontractor, manufacturer or supplier as the case may be, shall be manufactured, assembled or produced in the United States, and said requirement as defined above shall be stated in said bid.

Section Two. The provision of Section One of this Ordinance shall not apply in the following instances:

(i) Where the item purchased as the contract entered into for repairs or renovation is less than One Thousand ($1,000.00) Dollars.

(ii) Where no line of a particular good or product is manufactured, assembled or produced in the United States.

(iii) Where the acquisition of United States manufactured or produced goods would increase the cost by more than (10%) percent.

Section Three. The certificate required by this section shall specify the nature of the contract, the product being purchased or leased, the names and addresses of the United States manufacturers and producers contracted by the Commissioner or the project architect or engineer, and an indication that such manufacturers or producers could not supply sufficient quantities or that the price of the products would increase the cost of the contract by more than ten percent.

Section Four. No public agency may authorize, provide for, or make any payment to any vendor or contractor upon any contract in violation of section 2 of this act. Prior to the awarding of the bid and before any public agency authorizes, provides, or makes payment to any vendor or contractor upon any contract to which section 2 or 6 of this act applies, the vendor or contractor shall provide proof of compliance with section 2, and, if applicable, section 6 of this act. Any vendor or contractor who knowingly misrepresents any material fact to the public agency concerning the origin of any manufactured goods or commodities shall be guilty of a Class A misdemeanor.

Section Five. Sections 1 to 6 of this act shall apply only to contracts and subcontracts entered into after the effective date of this act, and shall not limit the use or supply of manufactured goods or commodities purchased or leased prior to the effective date of this act.

Section Six. Nothing in sections 1 or 6 of this act is intended to contravene any existing treaty, law, agreement, or regulation of the United States. All contracts under section 1 or 6 of this act shall be entered into in accordance with existing treaty, law, agreement, or regulation of the United States including all treaties entered into between foreign countries and the United States regarding export-import restrictions and international trade and shall not be in violation of sections 1 to 6 of this act to the extent of such accordance.

Interpretations and Guidelines

Section One: "Shall be manufactured" is interpreted to mean to make or process a raw material into a finished product or to turn-out in a mechanical manner. "Assembled" is interpreted to mean to fit or to join together the parts, gather, or to congregate in a manufacturing environment. "Produced" is interpreted to mean to create by manual or physical effort, to make or yield to customary product or products.

Section Two (i) This is interpreted to mean less than one thousand dollars in aggregate (total purchases).

(iii) When applying this subsection, multiply the cost of the foreign product by ten percent and compare the cost to the American product. If the American product cost is less than the sum of the cost of the foreign product plus ten percent, the award will be made to the vendor bidding the American product. The price paid by the City of St. Louis will be the actual price bid by the winning bidder.

Section Three: "Could not supply sufficient quantities" is interpreted to mean in order to meet the using agency's delivery schedule and in quantity specified.

Section Four: The vendor's authorized representative must complete a self-certification form, as required by the existing procedures previously indicated. These certification forms will be used to determine whether the manufacturer or producers could, or could not supply sufficient quantities, or the cost of the products would increase the contract by more than ten percent.

Prior to the City awarding the bid, the vendor shall provide certification that the product being bid is manufactured, assembled or produced in the United States or there is an existing treaty, law or regulation whereby the product bid shall be treated the same as product manufactured, assembled or produced in the United States. The procuring agency shall accept the self certification in order to apply the percentage differential that is applicable under this law. Failure to provide certification shall cause the city to presume that such product is not American made and preference shall not be considered for that product.

CERTIFICATION FORM
ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT
(BUY AMERICAN)

Bidders are advised of legislation enacted by the City of St. Louis which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured, assembled or produced in the United States, unless obtaining American made products would increase the cost of this contract by more than ten percent.

Section Four requires the vendor or contractor to certify his compliance with this legislation and if applicable, Section Six, if preference is claimed.

This legislation does not apply if the total bid is less than one thousand dollars ($1,000.00).

Bids received will be evaluated on the basis of this legislation. Certificates of compliance must be completed and returned to be considered for preference. Failure to provide certification shall cause the City to presume that such product is not American made.

accompany the bid. Failure to provide the bond prior to the bid opening will be cause for disqualification of the bid. The bond may be in the form of a surety bond, cashier's check, money order, or certified check drawn on a solvent bank. Such bond or deposit shall be forfeited to the City in case the bidder shall fail or refuse to execute the contract.

13. **TRADE-IN.** If the solicitation requests a price or value for one or more pieces of equipment to be traded in as part of the purchase of new equipment, the City retains the option to purchase the new equipment at the full price or to reduce the price of the new equipment by the amount of the trade-in offered. The City is not obligated to accept the trade-in offer and may withdraw equipment offered for trade-in at any time up to award.

14. **EVALUATION OF BIDS FOR MULTIPLE AWARDS.** In addition to other factors, bids will be evaluated on the basis of advantages or disadvantages to the City that might result from making more than one award (multiple awards) to include total cost of ownership and administrative cost to the City of issuing and administering each contract and associated purchase orders awarded under this invitation. Administrative costs will be in a range for the class of procurement as established by the Supply Commissioner. Individual awards will be for the items and/or services and combinations of items and/or services which result in the lowest aggregate price to the city, including such administration costs.

15. **AWARD OF CONTRACT.**
- **BIDS WILL BE ANALYZED AND THE AWARD MADE TO THE LOWEST AND BEST RESPONSIVE AND RESPONSIBLE BIDDER** whose bid conforms to the solicitation and whose bid is considered to be most advantageous or best value to the City, price and other factors considered. The right to determine the foregoing is reserved to the Supply Commissioner and is not subject to appeal. In the event equal bids are received, paragraph 18. **MISSOURI AND OTHER PREFERENCE** will apply. If the preference does not break the tie, then the award will be made by public drawing of lots by the Buyer and one witness.
- The City reserves the right to reject any and all bids and all or part of a bid; to waive informalities, technical defects, and minor irregularities in bids received; and to select the bid(s) deemed most advantageous or best value to the City. The City shall consider bids submitted to an "all or nothing" basis if the bid is clearly designated as such.
- The City may accept any item or group of items of any bid, unless the bidder qualifies his bid by specific limitations. **UNLESS OTHERWISE PROVIDED IN THE SOLICITATION, BIDS MAY BE SUBMITTED FOR ANY QUANTITIES LESS THAN THOSE SPECIFIED AND THE CITY RESERVES THE RIGHT TO MAKE AN AWARD ON ANY ITEM FOR A QUANTITY LESS THAN THE QUANTITY BID AT THE UNIT PRICES BID UNLESS THE BIDDER SPECIFIES OTHERWISE IN THEIR BID.**
- **UPON ACCEPTANCE BY THE CITY, THE SOLICITATION FOR BID AND A PURCHASE ORDER ISSUED TO THE SUCCESSFUL BIDDER WITHIN THE TIME SPECIFIED SHALL BE DEEMED TO RESULT IN A BINDING CONTRACT WITHOUT FURTHER ACTION BY EITHER PARTY. ITEMS ARE TO BE FURNISHED AS DESCRIBED IN THE BID AND IN STRICT CONFORMITY WITH ALL INSTRUCTIONS, CONDITIONS, SPECIFICATIONS, AND DRAWINGS CONTAINED IN THE COMPLETE CONTRACT.**

16. **PURCHASE ORDERS.** All goods and services will be ordered by means of a purchase order for which funds have been certified and encumbered by the Comptroller. Goods and services will not be provided in excess of the amount of the purchase order. The City has no obligation to pay invoices in excess of the purchase order amount. Under emergency conditions, the Supply Commissioner may order goods or services and provide a purchase order number by telephone.

17. **PERFORMANCE BOND REQUIREMENT.** A performance bond shall be provided by the bidder receiving the award when specified by the terms of the bid. The amount shall be that determined by the Supply Commissioner to be reasonable and necessary to protect the best interest of the City. **"THE BOND MAY BE IN THE FORM OF A SURETY BOND OR CASHIERS CHECK".** Such bond or deposit shall be forfeited to the City in case the bidder receiving the contract shall fail or refuse to fulfill the requirements and all terms and conditions of the contract. The contract is not considered to be complete until the performance bond is submitted. Purchase orders may not be issued or invoices paid unless the required performance bond is on file. Unless specified otherwise in the bid, the bond must be furnished within twenty-one (21) calendar days after receipt of notification of intent to award the contract

or receipt of a request for performance bond. The City has the right to disqualify an otherwise successful bid if the performance bond is not received within the time requested.

18. **MISSOURI AND OTHER PREFERENCE.**
- By virtue of statutory authority, the Buyer shall give preference to all commodities manufactured, produced, assembled or grown within the State of Missouri and to all firms, corporations, or individuals doing business as Missouri firms, corporations, or individuals, when quality is equal or better and delivered price is the same of less. Within the State of Missouri, the same type of preference is given to firms located in the City, as versus other firms located in Missouri but outside the city limits.
- The City has implemented the Missouri Domestic Procurement Act (Buy American), Sections 34.350 to 34.359 RSMO Supp. 1987, by adopting the following policy on the purchase of American goods. Preference will be given to the purchase or lease of products manufactured, assembled, or produced in the United States if the quality and price are comparable with other goods. Suppliers providing services and/or products under Term Supply and Services Contracts and leases will give preference to providing products manufactured, assembled, or produced in the United States if the quality and price are comparable with other goods.

19. **TIME OF DELIVERY.** Delivery is **REQUIRED** to be made in accordance with the schedule shown in the solicitation and purchase order. Bids offering delivery of each quantity within the applicable delivery period specified above will be evaluated equally as regards time of delivery. Bids offering delivery of a quantity under such terms or conditions that delivery will not clearly fall within the applicable delivery period may, as determined by the Buyer, be considered non-responsive and may be rejected. When a bidder offers an earlier delivery schedule than that called for in the bid, the City reserves the right to award either in accordance with the **REQUIRED** schedule or in accordance with the schedule offered by the bidder. If the bidder offers no other delivery schedule, the delivery schedule stated above shall apply.

20. **F.O.B. DESTINATION.** Unless otherwise directed in the solicitation and purchase order, all deliveries shall be F.O.B. Destination and all freight charges shall be included in the total price. Supplies shall be delivered to the destination consignee's warehouse unloading platform, or receiving dock, at the expense of the Contractor. The City shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved prior to the actual delivery (Or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the City acting in its contractual capacity. If rail carrier is used, supplies will be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggy-back") is used, supplies will be delivered to truck tailgate at the unloading platform of the consignee. If the Contractor uses rail carrier or freight forwarder for less than carload shipments, he/she shall assure that the carrier will furnish tailgate delivery if transfer to truck is required to complete delivery to consignee. Any protestor that is aggrieved by any decision of the Commissioner of Supply may appeal the Commissioner of Supply's decision to the Board of Standardization. Any appeal of a decision of the Commissioner of Supply must be made in writing delivered to the Commissioner of Supply within three (3) business days of receipt of the notice of the decision of the Commissioner of Supply.
