WHEREAS, the LCRA has recommended such a plan to the Planning Commission of the City of St. Louis ("Planning Commission") and to this St. Louis Board of Aldermen ("Board"), titled "Blighting Study and Plan for 3000-3004 Texas Ave. Area," dated January 26, 2016, consisting of a Title Page, a Table of Contents Page, and eleven (11) numbered pages, attached hereto and incorporated herein as Exhibit "B" ("Plan"); and

WHEREAS, under the provisions of the Statute, and of the federal financial assistance statutes, it is required that this Board take such actions as may be required to approve the Plan; and

WHEREAS, it is desirable and in the public interest that a public body, the LCRA, undertake and administer the Plan in the Area; and

WHEREAS, this Board has duly considered the reports, recommendations and certifications of the LCRA and the Planning Commission; and

WHEREAS, the Plan does prescribe land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of the Project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital

status, age, sexual orientation or physical handicap; and

WHEREAS, in accordance with the requirements of Section 99.430 of the Statute, this Board advertised that a public hearing would be held by this Board on the Plan, and said hearing was held at the time and place designated in said advertising and all those who were interested in being heard were given a reasonable opportunity to express their views; and

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond five (5) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 3000-3004 Texas Ave. Redevelopment Area ("Area") encompasses approximately .13 acres in the Benton Park West neighborhood of the City of St. Louis ("City") and is located on the eastern side of Texas Ave. between Crittenden St. and Arsenal St.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibits "B", "C" and "D" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1981.00. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" ("Project Area Plan-Existing Uses and Conditions") and enumerated in Exhibit "F" "Blighting Report".

This Area is in the Market Type-F Category of the January 2014 St. Louis Market Value Analysis (MVA). This category has below average levels of owner occupancy.

Unemployment figures, computed by the Missouri Economic Research and Information Center, Missouri Department of Economic Development, indicate a 5.1% unemployment rate for the City for the month of November, 2015. It is estimated that this rate is applicable to residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include three unoccupied two-family buildings.

The land uses within the Area, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are used primarily for residential purposes.

Residential density for the surrounding neighborhoods is approximately 16.95 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "C" Multiple Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Blighting Study and Redevelopment Plan ("Plan") by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 et seq. RSMo, as amended (the "Land Clearance for Redevelopment Authority Law") as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in zones designated "C" Multiple Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use the property within the Area for only the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015) designates it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The proposed zoning for the Area is "C" Multiple Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities. The proposal will also support the Neighborhood's below average levels of owner occupancy in Market Type-F Category as determined by the 2014 MVA.

5. PROPOSED EMPLOYMENT FOR THE AREA

There are no new jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior of the structures in the Area in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on the lot so that any existing recurrent building masses and spaces along the street are continued as well as the pattern of setback from the street.
- 3.) **New Exterior Materials** on facades of structures in the Area visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to building permit approval.
- 4.) **Architectural Details** on existing structures in the Area shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes** that are employed in a predominance of existing buildings in a block shall set the standard of compatibility for any proposed new construction or alteration.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. Landscaping and Sidewalk Maintenance

The Area shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees shall be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible. Sidewalks shall be repaired/replaced to insure safe walkability in the city.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property in the Area off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written recommendation of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on redevelopment. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

It is estimated that the implementation of this Plan will take place in a single phase initiated within approximately one (1) year of approval of this Plan by City ordinance and completed within approximately two (2) years of approval of this Plan by City ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Project Area Plan-Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, RSMo. as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied all eligible occupants displaced as a result of the implementation of this Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges the cooperation of the City to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

The Redeveloper(s) may seek ten (10) year real estate tax abatement ("Tax Abatement Period") pursuant to Sections 99.700 – 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created. For the last five (5) years of the Tax Abatement Period the Redeveloper shall make annual Payments in Lieu of Taxes which shall be calculated by subtracting the amount of ad valorem real estate taxes due and payable to each taxing district for each tax year (i.e., the amount of taxes based on the assessment prior to Project completion) from the amount of ad valorem real estate taxes which would have been paid to each such taxing district for such year if no Certificate of Qualification for Tax Abatement had been issued for the Project (i.e. the amount of taxes without abatement).

In lieu of the abatement outlined above, a Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to five (5) years ("Abbreviated Tax Abatement Period") from the commencement of such tax abatement, in accordance with the following provisions of this Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, and said property is to be owner occupied,

then for a period of up to the first five (5) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall during the Abbreviated Tax Abatement Period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation during the Abbreviated Tax Abatement Period shall make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such corporation shall have acquired title to such property. If such property shall be tax-exempt because it is owned by the LCRA and leased to any such urban redevelopment corporation, then such corporation for a period of up to the first five (5) years of the lease shall make payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year prior to the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any Agreement with the LCRA. In no event shall such benefits extend beyond five (5) years after any urban redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

1. LAND USE

Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created. In addition to such taxes, any such corporation shall during the Abbreviated Tax Abatement Period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be Certificate because it is owned by the LCRA and leased to any such corporation, then such corporation during the Abbreviated Tax Abatement Period shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond five (5) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan. The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City. Changes which are not substantial are those that do not go to the crux of the Plan.

The properties surrounding the Area are used primarily for residential purposes.

Residential density for the surrounding neighborhoods is approximately 11.56 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "D" Multi Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Blighting Study and Redevelopment Plan ("Plan") by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit "F". The

existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 et seq. RSMo, as amended (the "Land Clearance for Redevelopment Authority Law") as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in zones designated "D" Multi Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use the property within the Area for only the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015) designates it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The proposed zoning for the Area is "D" Multi Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities. The proposal will also support the Neighborhood's above average levels of owner occupancy in Market Type-D Category as determined by the 2014 MVA.

5. PROPOSED EMPLOYMENT FOR THE AREA

There are no new jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building

intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) (“Agreement”), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior of the structures in the Area in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on the lot so that any existing recurrent building masses and spaces along the street are continued as well as the pattern of setback from the street.
- 3.) **New Exterior Materials** on facades of structures in the Area visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as “Permastone” is not permitted. A submission of all building materials shall be required prior to building permit approval.
- 4.) **Architectural Details** on existing structures in the Area shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes** that are employed in a predominance of existing buildings in a block shall set the standard of compatibility for any proposed new construction or alteration.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping and Sidewalk Maintenance**

The Area shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees shall be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible. Sidewalks shall be repaired/replaced to insure safe walkability in the city.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing

behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property in the Area off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written recommendation of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on redevelopment. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

It is estimated that the implementation of this Plan will take place in a single phase initiated within approximately one (1) year of approval of this Plan by City ordinance and completed within approximately two (2) years of approval of this Plan by City ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Project Area Plan-Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, RSMo. as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied all eligible occupants displaced as a result of the implementation of this Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges the cooperation of the City to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

The Redeveloper(s) may seek ten (10) year real estate tax abatement ("Tax Abatement Period") pursuant to Sections 99.700 – 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created. For the last five (5) years of the Tax Abatement Period the Redeveloper shall make annual Payments in Lieu of Taxes which shall be calculated by subtracting the amount of ad valorem real estate taxes due and payable to each taxing district for each tax year (i.e., the amount of taxes based on the assessment prior to Project completion) from the amount of ad valorem real estate taxes which would have been paid to each such taxing district for such year if no Certificate of Qualification for Tax Abatement had been issued for the Project (i.e. the amount of taxes without abatement).

In lieu of the abatement outlined above, a Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to five (5) years ("Abbreviated Tax Abatement Period") from the commencement of such tax abatement, in accordance with the following provisions of this Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, and said property is to be owner occupied, then for a period of up to the first five (5) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall during the Abbreviated Tax Abatement Period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation during the Abbreviated Tax Abatement Period shall make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such corporation shall have acquired title to such property. If such property shall be tax-exempt because it is owned by the LCRA and leased to any such urban redevelopment corporation, then such corporation for a period of up to the first five (5) years of the lease shall make payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year prior to the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any Agreement with the LCRA. In no event shall such benefits extend beyond five (5) years after any urban redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

1. LAND USE

A Redeveloper(s) shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the lease, sale, rental or occupancy of any property, or any improvements erected or to be erected in the Area, or any part thereof.

2. CONSTRUCTION AND OPERATIONS

A Redeveloper (s) shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

4. ENFORCEMENT

All of the provisions of this Section G shall be incorporated in an Agreement between the LCRA and a Redeveloper (s), which agreement shall be recorded in the office of the Recorder of Deeds. The provisions of G (1) and G (3) shall be covenants running with the land, without limitation as to time, and the provisions of G (2) shall be for the duration of this Plan and any extension thereof.

All of the provisions of Section G shall be enforceable against the Redeveloper (s), its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

H. MODIFICATIONS OF THIS PLAN

Any proposed modification which will substantially change this Plan shall be approved by the St. Louis Board of Aldermen in the same manner as this Plan was first approved. Modifications which will substantially change this Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or other items which alter the nature or intent of this Plan.

This Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA.

I. DURATION OF REGULATION AND CONTROLS

The regulation and controls set forth in this Plan shall be in full force and effect for twenty-five years commencing with the effective date of approval of this Plan by City ordinance, and for additional five (5) year periods unless before the commencement of any such five (5) year period the St. Louis Board of Aldermen shall terminate this Plan at the end of the term then in effect, except as provided in Section G (4) of this Plan.

J. EXHIBITS

All attached exhibits are hereby incorporated by reference into this Plan and made a part hereof.

K. SEVERABILITY

The elements of this Plan satisfy all requirements of state and local laws. Should any provisions of this Plan be held invalid by a final determination of a court of law, the remainder of the provisions hereof shall not be affected thereby, and shall remain in full force and effect.

EXHIBIT "F"

**BLIGHTING REPORT FOR THE
2813-2815 SOUTH 18TH ST. REDEVELOPMENT AREA**

As outlined below, the Area suffers from a multitude of physical and economic deficiencies including defective and inadequate streets, unsanitary or unsafe conditions, deterioration or inadequate site improvements, improper subdivision or absolute platting and conditions which endanger life or property by fire or other curses.

As a result of these factors the preponderance of the property in the Area is an economic liability for the City, its residents and the taxing districts that depend upon it as a revenue source, as well as a sound, health safety liability. It, therefore, qualifies as a "blighted area" as such time is defined in Section 99.320(3) of the Missouri Revised Statute (2000) as amended.

The Blighting Study and Plan for the Area, dated January 26, 2016 ("Plan") having been duly reviewed and considered, is hereby approved and incorporated herein by reference, and the President or Clerk of this St. Louis Board of Aldermen ("Board") is hereby directed to file a copy of said Plan with the Minutes of this meeting.

SECTION FIVE. The Plan for the Area is feasible and conforms to the general plan for the City.

SECTION SIX. The financial aid provided and to be provided for financial assistance pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in accordance with the Plan for the Area, and the proposed financing plan for the Area is feasible.

SECTION SEVEN. The Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of the Area by private enterprise, and private developments to be sought pursuant to the requirements of the Statute.

Redeveloper is a party, and shall be enforceable by the LCRA, the City and the United States of America.

SECTION THIRTEEN. In all contracts with private and public parties for redevelopment of any portion of the Area, all Redevelopers shall agree:

- (a) To use the property in accordance with the provisions of the Plan, and be bound by the conditions and procedures set forth therein and in this Ordinance;
- (b) That in undertaking construction under the agreement with the LCRA and the Plan, bona fide Minority Business Enterprises ("MBE's") and Women's Business Enterprises ("WBE's") will be solicited and fairly considered for contracts, subcontracts and purchase orders;

- (g) That the language of this Section Thirteen shall be included in its general construction contract and other construction contracts let directly by Redeveloper.

The term MBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by minority group members who have at least fifty-one percent (51%) ownership. SECTION FOURTEEN. The Redeveloper(s) may seek ten (10) year real estate tax abatement ("Tax Abatement Period") pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created. For the last five years of the Tax Abatement Period the Redeveloper shall make annual Payments in Lieu of Taxes which shall be calculated by subtracting the amount of ad valorem real estate taxes due and payable to each taxing district for each tax year (i.e., the amount of taxes based on the assessment prior to Project completion) from the amount of ad valorem real estate taxes which would have been paid to each such taxing district for such year if no Certificate of Qualification for Tax Abatement had been issued for the Project (i.e. the amount of taxes without abatement).

In lieu of the abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to five (5) years ("Abbreviated Tax Abatement Period") from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first five (5) years after the date the redevelopment corporation shall acquire title to such property, taxes on

such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall during the Abbreviated Tax Abatement Period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be Certificate because it is owned by the LCRA and leased to any such corporation, then such corporation during the Abbreviated Tax Abatement Period shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond five (5) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan. The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City. Changes which are not substantial are those that do not go to the crux of the Plan.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2862 Wisconsin Ave. Redevelopment Area ("Area") encompasses approximately .07 acres in the Benton Park neighborhood of the City of St. Louis ("City") and is located on the western side of Wisconsin Ave. between Lynch St. and Pestalozzi St.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibits "B", "C" and "D" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1416.00. The Area is in poor condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" ("Project Area Plan-Existing Uses and Conditions") and enumerated in Exhibit "F" "Blighting Report".

This Area is in the Market Type-D Category of the January 2014 St. Louis Market Value Analysis (MVA). This category has above average levels of owner occupancy.

Unemployment figures, computed by the Missouri Economic Research and Information Center, Missouri Department of Economic Development, indicate a 5.1% unemployment rate for the City for the month of November, 2015. It is estimated that this rate is applicable to residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied two-family building.

The land uses within the Area, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are used primarily for residential purposes.

Residential density for the surrounding neighborhoods is approximately 11.56 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "C" Multi Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Blighting Study and Redevelopment Plan ("Plan") by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit "F". The

existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 et seq. RSMo, as amended (the "Land Clearance for Redevelopment Authority Law") as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in zones designated "C" Multi Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use the property within the Area for only the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015) designates it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The proposed zoning for the Area is "C" Multi Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities. The proposal will also support the Neighborhood's above average levels of owner occupancy in Market Type-D Category as determined by the 2014 MVA.

5. PROPOSED EMPLOYMENT FOR THE AREA

There are no new jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building

intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) (“Agreement”), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior of the structures in the Area in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on the lot so that any existing recurrent building masses and spaces along the street are continued as well as the pattern of setback from the street.
- 3.) **New Exterior Materials** on facades of structures in the Area visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as “Permastone” is not permitted. A submission of all building materials shall be required prior to building permit approval.
- 4.) **Architectural Details** on existing structures in the Area shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes** that are employed in a predominance of existing buildings in a block shall set the standard of compatibility for any proposed new construction or alteration.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping and Sidewalk Maintenance**

The Area shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees shall be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible. Sidewalks shall be repaired/replaced to insure safe walkability in the city.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing

behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property in the Area off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written recommendation of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on redevelopment. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

It is estimated that the implementation of this Plan will take place in a single phase initiated within approximately one (1) year of approval of this Plan by City ordinance and completed within approximately two (2) years of approval of this Plan by City ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Project Area Plan-Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, RSMo. as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied all eligible occupants displaced as a result of the implementation of this Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges the cooperation of the City to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

The Redeveloper(s) may seek ten (10) year real estate tax abatement ("Tax Abatement Period") pursuant to Sections 99.700 – 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created. For the last five (5) years of the Tax Abatement Period the Redeveloper shall make annual Payments in Lieu of Taxes which shall be calculated by subtracting the amount of ad valorem real estate taxes due and payable to each taxing district for each tax year (i.e., the amount of taxes based on the assessment prior to Project completion) from the amount of ad valorem real estate taxes which would have been paid to each such taxing district for such year if no Certificate of Qualification for Tax Abatement had been issued for the Project (i.e. the amount of taxes without abatement).

In lieu of the abatement outlined above, a Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to five (5) years ("Abbreviated Tax Abatement Period") from the commencement of such tax abatement, in accordance with the following provisions of this Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, and said property is to be owner occupied, then for a period of up to the first five (5) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall during the Abbreviated Tax Abatement Period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation during the Abbreviated Tax Abatement Period shall make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such corporation shall have acquired title to such property. If such property shall be tax-exempt because it is owned by the LCRA and leased to any such urban redevelopment corporation, then such corporation for a period of up to the first five (5) years of the lease shall make payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year prior to the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during the Abbreviated Tax Abatement Period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any Agreement with the LCRA. In no event shall such benefits extend beyond five (5) years after any urban redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

1. LAND USE

A Redeveloper(s) shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the lease, sale, rental or occupancy of any property, or any improvements erected or to be erected in the Area, or any part thereof.

2. CONSTRUCTION AND OPERATIONS

A Redeveloper (s) shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

3. LAWS AND REGULATIONS

A Redeveloper (s) shall comply with all applicable federal, state and local laws, ordinances, executive orders and regulations regarding nondiscrimination and affirmative action, including the City Guidelines for Minimum Utilization of Minority Enterprises, dated January 1, 1981 as may be amended, and the "Equal Opportunity and Nondiscrimination Guidelines" in Exhibit "E", attached.

4. ENFORCEMENT

All of the provisions of this Section G shall be incorporated in an Agreement between the LCRA and a Redeveloper (s), which agreement shall be recorded in the office of the Recorder of Deeds. The provisions of G (1) and G (3) shall be covenants running with the land, without limitation as to time, and the provisions of G (2) shall be for the duration of this Plan and any extension thereof.

All of the provisions of Section G shall be enforceable against the Redeveloper (s), its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

H. MODIFICATIONS OF THIS PLAN

Any proposed modification which will substantially change this Plan shall be approved by the St. Louis Board of Aldermen in the same manner as this Plan was first approved. Modifications which will substantially change this Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or other items which alter the nature or intent of this Plan.

This Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA.

I. DURATION OF REGULATION AND CONTROLS

The regulation and controls set forth in this Plan shall be in full force and effect for twenty-five years commencing with the effective date of approval of this Plan by City ordinance, and for additional five (5) year periods unless before the commencement of any such five (5) year period the St. Louis Board of Aldermen shall terminate this Plan at the end of the term then in effect, except as provided in Section G (4) of this Plan.

J. EXHIBITS

All attached exhibits are hereby incorporated by reference into this Plan and made a part hereof.

K. SEVERABILITY

The elements of this Plan satisfy all requirements of state and local laws. Should any provisions of this Plan be held invalid by a final determination of a court of law, the remainder of the provisions hereof shall not be affected thereby, and shall remain in full force and effect.

EXHIBIT "F"

**BLIGHTING REPORT FOR THE
2862 WISCONSIN AVE. REDEVELOPMENT AREA**

As outlined below, the Area suffers from a multitude of physical and economic deficiencies including defective and inadequate streets, unsanitary or unsafe conditions, deterioration or inadequate site improvements, improper subdivision or absolute platting and conditions which endanger life or property by fire or other curses.

As a result of these factors the preponderance of the property in the Area is an economic liability for the City, its residents and the taxing districts that depend upon it as a revenue source, as well as a sound, health safety liability. It, therefore, qualifies as a "blighted area" as such time is defined in Section 99.320(3) of the Missouri Revised Statute (2000) as amended.

SUSTAINABILITY IMPACT STATEMENT - RESIDENTIAL

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT1. DELINEATION OF BOUNDARIES

The 4200 Cleveland Ave. Redevelopment Area ("Area") encompasses approximately .06 acres in the Shaw neighborhood of the City of St. Louis ("City") and is located on the southern side of Cleveland Ave. between Tower Grove Ave. and Klemm St.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibits "B", "C" and "D" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 4932. The Area is a fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" ("Project Area Plan-Existing Uses and Conditions") and enumerated in Exhibit "F" "Blighting Report".

The Area is in the Market Type-C Category of the January 2014 St. Louis Market Value Analysis (MVA). This category has higher average levels of owner occupancy.

Unemployment figures, computed by the Missouri Economic Research and Information Center, Missouri Department of Economic Development, indicate a 5.1% unemployment rate for the City for the month of November, 2015. It is estimated that this rate is applicable to residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include unoccupied two-family home.

The land uses within the Area, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are used primarily for residential purposes.

Residential density for the surrounding neighborhoods is approximately 17.85 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two-Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Blighting Study and Redevelopment Plan ("Plan") by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 *et seq.* RSMo, as amended (the "Land Clearance for Redevelopment Authority Law") as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment

of the Area into productive residential uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in zones "B" Two-Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use the property within the Area for only the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2014) designates it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The proposed zoning for the Area is "B" Two-Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities. The proposal shall also address the Area's higher than average levels of owner occupancy as determined by the 2014 MVA.

5. PROPOSED EMPLOYMENT FOR THE AREA

There are no new jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGNa. **Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT1. DELINEATION OF BOUNDARIES

The 4003 Russell Blvd. Redevelopment Area ("Area") encompasses approximately .07 acres in the Shaw neighborhood of the City of St. Louis ("City") and is located on the northern side of Russell Blvd. between Lawrence St. and Thurman Ave.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibits "B", "C" and "D" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 4942. The Area is a fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" ("Project Area Plan-Existing Uses and Conditions") and enumerated in Exhibit "F" "Blighting Report".

The Area is in the Market Type-D Category of the January 2014 St. Louis Market Value Analysis (MVA). This category has above average levels of owner occupancy.

Unemployment figures, computed by the Missouri Economic Research and Information Center, Missouri Department of Economic Development, indicate a 5.1% unemployment rate for the City for the month of November, 2015. It is estimated that this rate is applicable to residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include unoccupied single family home.

The land uses within the Area, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are used primarily for residential purposes.

Residential density for the surrounding neighborhoods is approximately 17.85 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two-Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Blighting Study and Redevelopment Plan ("Plan") by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 *et seq.* RSMo, as amended (the "Land Clearance for Redevelopment Authority Law") as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment

of the Area into productive residential uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in zones "B" Two-Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use the property within the Area for only the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2014) designates it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The proposed zoning for the Area is "B" Two-Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2015). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities. The proposal shall also address the Area's above average levels of owner occupancy as determined by the 2014 MVA.

5. PROPOSED EMPLOYMENT FOR THE AREA

There are no new jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN**a. Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. Urban Design Regulations

- 1.) **Rehabilitation** shall respect the original exterior of the structures in the Area in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on the lot so that any existing recurrent building masses and spaces along the street are continued as well as the pattern of setback from the street.
- 3.) **New Exterior Materials** on facades of structures in the Area visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to building permit approval.
- 4.) **Architectural Details** on existing structures in the Area shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes** that are employed in a predominance of existing buildings in a block shall set the standard of compatibility for any proposed new construction or alteration.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. Landscaping and Sidewalk Maintenance

The Area shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible. Sidewalks shall be repaired/replaced to insure safe walkability in the city.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property in the Area off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written recommendation of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on redevelopment. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

It is estimated that the implementation of this Plan will take place in a single phase initiated within approximately one (1) year of approval of this Plan by City ordinance and completed within approximately two (2) years of approval of this Plan by City ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Project Area Plan-Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair

value, taking into account and giving consideration to those factors enumerated in Section 99.450, RSMo. as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of this Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges the cooperation of the City to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, any Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of this Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for a period of up to the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for up to the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for such period of up to the ten (10) years make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year prior to the calendar year during which such corporation shall have acquired title to such property. If such property shall be tax-exempt because it is owned by the LCRA and leased to any such urban redevelopment corporation, then such corporation for a period of up to the first ten (10) years of the lease shall make payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year prior to the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any Agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after any urban redevelopment corporation shall have acquired title to the property.
