WHEREAS, the Plan does prescribe land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a

redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap; and

These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan. The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City. Changes which are not substantial are those that do not go to the crux of the Plan.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 4138-50, 4439, 4445, & 4455-59 West Florissant Avenue Redevelopment Area ("Area") consists of four unoccupied commercial parcels totalling approximately 2 acres in the O'Fallon neighborhood of the City of St. Louis ("City").

The legal description for the area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises portions of City Blocks 3548 and 4399 and is in poor condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, "Fair Condition" means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10% unemployment rate for the City as of June, 2002. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area. There are currently five jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the area include one vacant lot, two unoccupied commercial parcels in poor condition and one occupied commercial parcel in poor condition.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are generally residential, commercial and institutional. Residential density for the O'Fallon neighborhood is approximately 18.95 persons per acre.

5. CURRENT ZONING

The Area is zoned "D" Multiple-Family Dwelling & "F" Neighborhood Commercial Districts pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is partly occupied and in poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the redevelopment of these underutilized parcels.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential and commercial uses permitted in Areas designated "D" Multiple-Family Dwelling and "F" Neighborhood Commercial Districts by the City of St. Louis Zoning Code. Redevelopers contracting with the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall not be permitted to use said property for any use not allowed in the "D" Multiple-Family Dwelling and "F" Neighborhood Commercial Districts. Redevelopers contracting with the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") and any other person or entity seeking an occupancy permit for a new use after the effective date of the ordinance approving the Plan shall not be permitted to use said property for the following:

hotels, motels, pawn shops, adult bookstores, x-rated movie houses, massage establishments, title loan companies, auto and truck dealers (new or used), storefront churches, auto and truck painting and window tinting, auto parts, salvage or supplies, child care facilities or day care centers, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, for-profit blood donor facilities, inside storage of any kind, free standing package liquor stores, establishments selling or providing liquor and not having gross sales of at least 65% from food items at that location, exterior telephones, check cashing centers, any use, (except for financial institutions) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, open storage, automobile service facilities, motor fuel pumping stations, detailing or car washes, dyeing and cleaning works, private clubs and lodges, rooming and boarding houses, utility stations, utility towers, open storage, barber, beauty and nail shops and beeper and pager shops. No mini marts or grocery stores of less than 10,000 square feet may operate within the Area. Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

3. PROPOSED ZONING

The zoning for the Area can remain "D" Multiple-Family Dwelling and "F" Neighborhood Commercial Districts. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Comprehensive City Plan" (1947), the "St. Louis Development Program" (1973), and the "Economic Development Strategy" (1978). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

An unknown number of new jobs may be created if the Area is developed in accordance with this Plan.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

8. URBAN DESIGN

a. Urban Design Objectives

New Construction

All new construction shall be at least one and a half stories in height, except commercial buildings may be one story in height if roofs or parapets add height and give the impression of a taller building. Materials on all facades shall be compatible with the existing materials used in surrounding structures and the general high style character of surrounding buildings. Any new construction in the Area shall be built exclusively of brick masonry, stone, stucco with terra cotta and wood used for trim and other architectural features.

The properties shall be rehabilitated so they are attractive commercial/residential structures within the surrounding neighborhood. Any new construction shall complement surrounding structures in terms of design and materials.

A more cohesive Area shall be achieved by:

- (1) Requiring retained, rehabilitated structures to closely adhere to their original exteriors in terms of design and, where suitable, materials and with compatible window and door shapes and detailing. Requiring new structures to be compatible with well designed surrounding structures in terms of exterior finish materials and colors, massing, setbacks, etc. Prohibiting exterior window or door bars and interior non-retractable bars.
- (2) Requiring deteriorating or poorly maintained building facades, porches, and garages to be repaired and repainted along with removal of weeds, litter and debris.
- (3) Preparing a study and accompanying detailed block-by-block streetscape drawings of the blocks of relatively concentrated commercial properties to guide rehabilitation of existing structures in terms of facade, signage, awning and landscaping considerations and to similarly guide construction of new structures.
- (4) Upgrading/replacing damaged or inappropriate fencing. Requiring any new fencing on the properties to be wrought iron and privacy fencing to be a good quality, board type.

- (5) Re-opening or more suitably sealing boarded openings.
- (6) Repairing/replacing damaged sidewalks, driveways, parking lots and walkways.
- (7) Attractively landscaping front and rear yards and tree lawns. Requiring existing sparsely or poorly landscaped commercial properties to be upgraded.
- (8) Upgrading street "furniture".

b. Urban Design Regulations

Rehabilitation of the existing structures shall respect the original exteriors in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design of the buildings.

c. Landscaping

The property shall be well landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

All permanent at-grade parking areas shall be screened on street-facing sides with a decorative wall and/or fence of masonry, cast metal, wrought iron or a combination thereof, with eight foot masonry piers capped with appropriate stone material located at gates, corners, and every twenty-five (25) feet along the perimeter. All such cast metal or wrought iron fencing must be planted with a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and which is maintained at a minimum height of three and one-half (3-1/2) feet at maturity.

If parking lots exceed twenty (20) spaces, three percent (3%) of the interior of the parking lots shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. These trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, planted with low lying ground cover or other plant material.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. A uniform signage plan must be prepared by the Redeveloper for the entire project. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises. No advertising signs shall be permitted.

New wall signs shall not obstruct any architectural building elements, shall be placed only those sides of buildings fronting on public or private streets, shall project no more than eighteen (18) inches from the face of the building, shall not extend above the second floor window sill of the structure, and the total sign area shall be the lesser of either fifty (50) square feet or ten percent (10%) of the ground floor wall surface fronting on such streets. Only one sign per business per wall facing on a public or private street shall be permitted. In addition, one identification sign up to ten (10) sq. ft. in size may be placed on a wall facing a parking area or open space, provided the LCRA confirms that such a sign is required.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed. Signage on awnings is limited to awning valance. In no case shall signage be allowed on both an awning valance and a building for the same business.

Painted wall signs, roof signs, pole signs, moving signs, animated or flashing signs, or permanent or portable message board signs shall not be permitted in the Area, and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the Area.

One ground or monument sign per use may be permitted provided it does not exceed eight (8) feet in height nor exceed fifty (50) square feet per side, and provided the LCRA confirms that such a sign is required based upon the use, location or siting of the structure.

Businesses having more than 40,000 square feet of ground floor area may have signs proportionately larger than the maximum size set out in this section, provided that LCRA confirms that there is a need based upon the use, location, or siting of the building.

New outdoor advertising devices (billboards) as defined in ordinance 59979, approved 7/30/86, or as amended, are not permitted. Outdoor advertising devices existing at the time of the effective date of this ordinance shall be removed within five (5) years from the effective date of this ordinance, said requirements to be enforced by the Building Division.

Construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this plan by ordinance and completed within approximately ten (10) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including,

without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may acquire any property in the Area through negotiation and no property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (1994) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the area is currently partly occupied. All eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT
