14 **SECTION TWO. LEGISLATIVE FINDINGS.**

15 The existence of alcoholic beverage establishments appears to contribute
16 directly to numerous peace, health, safety and general welfare problems including
17 loitering, littering, drug trafficking, prostitution, public drunkenness, defacement and
18 damaging of structures, pedestrian obstructions, as well as traffic circulation, parking and
19 noise problems on public streets and neighborhood lots.

20 The existence of such problems creates serious impacts on the health, safety
21 and welfare of residents of single- and multiple-family within the district, including fear
22 for the safety of children, elderly residents and of visitors to the district. The problems
23 also contribute to the deterioration of the neighborhood and concomitant devaluation of
24 property and destruction of community values and quality of life. The number of
25 establishments selling alcoholic beverages and the associated problems discourage more

1 desirable and needed commercial uses in the area. In order to preserve the residential
2 character and the neighborhood-serving commercial uses of the area, there shall be a
