2 the alley to the intersection with Pendelton Avenue. At the intersection of the alley north
3 of Olive Street with Pendelton Avenue, continuing south along the center line of
4 Pendelton Avenue to the south side of Olive Street, then proceeding east along the south
5 side of Olive Street to the intersection of Olive Street and Boyle Avenue, proceeding
6 south along the west side of Boyle Avenue to the alley south of Olive Street and then
7 west along the alley south of Olive Street to the beginning.

8 Section Two. The proposed standards to be applied within the district including, but not limited
9 to demolition, facades, setbacks, height, scale, materials, color and texture, for all structures and
10 the design details of all fences, streets and drives, street furniture, signs and landscape materials
11 are set out in the Central West End Historic District Development Plan and Design Standards
12 (the Standards) previously adopted by Ordinance 56768 (B.B. No. 9). The Standards, which have
13 been reviewed and approved by the Preservation Board, the Board of Public Service and the
14 Planning and Urban Design Commission and recorded in the Office of the Recorder of Deeds,
15 are hereby adopted and incorporated herein by reference. Copies of said standards shall also be
16 filed for inspection in the Office of the Register and in the Office of the Building Commissioner.

17
18 Section Three. All sections of this ordinance are hereby declared to be independent sections and
19 parts of sections and notwithstanding any other evidence of the legislative intent it is hereby

1 shall not be affected thereby and it is hereby declared that this ordinance would have been passed
2 independently of such section, sections or parts of a section so held to be invalid.

3 Section Four. This being an ordinance necessary for the immediate preservation of the Public
4 Welfare, it is hereby declared to be an emergency measure and shall become effective
5 immediately upon passage and approval of the Mayor.

6 **PART TWO**

7 **DEVELOPMENT PLAN**

8 Section One. The current plan for future development of the Central West End Historic District
9 extension is defined by the 2005 City of St. Louis Strategic Land Use Plan (the Plan). Under the
10 Plan the District is defined as a Neighborhood Preservation Area with outlying nodes of
11 Neighborhood Commercial Areas and one Opportunity Area. Implementation of the Plan is
12 anticipated by building on the value of the neighborhood's inheritance of un-replaceable historic
13 buildings by causing the adoption of a historic district ordinance containing design standards for
14 rehabilitation and new construction, by limiting demolition of historic properties and by
15 continued appropriate development of both residential and commercial properties within its
16 boundaries. This projected development is expected to be funded not only through the use of the
17 State and Federal Tax Credit for Historic Preservation Programs, but also through market rate
18 investments in development of properties in the area.

19 Section Two. It is anticipated the establishment and enforcement of clear and consistent
20 standards to govern the exterior architectural features within the Central West End Historic

1 District extension will augment the benefits of the AREA's listing as part of a Certified Local
2 Historic District as defined by Federal law by ensuring that all rehabilitation and/or new
3 construction projects are executed to the same high standard and that the on-going historic and
4 real estate value of properties within the Central West End Historic District extension will thus
5 be maintained. At the same time, it is anticipate that these controls will reasonably accommodate
6 contemporary design and lifestyles in order to maintain and improve the quality of life of those
7 residing within the Benton Park Historic District.

8 It is also anticipated that the protection and rehabilitation of the existing building stock is in the
9 best economic and social interest of the neighborhood, its residents and property owners as
10 depletion of the existing building stock would not only

- 11 • threaten the National Register status of the district and thus the use of the Federal and
12 State Historic Preservation Tax Credit programs,
- 13 • diminish the opportunity for increased tourism in the City's valuable historic areas, but
14 also
- 15 • destroy the irreplaceable National treasure of this intact historic neighborhood with its
16 highly detailed and richly ornamented brick buildings.

17 Section Three. Zoning Map: No changes in the current zoning map or of current uses are
18 anticipated by the adoption of this historic district ordinance.
